Simpson,2025-05-06 A beautiful story about an extraordinary mother's gift of love and hope Jeannette Walls 1 New York Times bestselling author of [The Glass Castle](#) From a writer who's absolutely going places Roxane Gay a remarkable inventive debut memoir about a mother daughter relationship across cycles of poverty separation and illness exploring how we forge identity in the face of imminent loss When Erika Simpson was growing up her mother loomed large almost biblical in her life A daughter of sharecroppers middle child of ten her origin story served as a Genesis Her departure from home and a cheating husband pursuing higher education along the way a kind of Exodus Her rules for survival often repeated like the Ten Commandments guided Erika's own journey into adulthood And the most important rule Throughout her life Sallie Carol preached the power of a testimony which often proved useful in talking her way out of a bind with bill collectors But where does a mother's story end and a daughter's begin In this brave illuminating memoir Erika offers a joint recollection of their lives as they navigate the realities of destitution often left undiscussed Her mother's uncanny ability to endure Job like trials and manifest New Testament style miracles made her seem invincible But while our parents may start out as gods in our lives through her mother's final months and fifth battle with cancer Erika captures the moment you realize they are just people

This gorgeously rendered story of a mother's life through her daughter's eyes weaves together a dual timeline pulling inspiration from both scripture and pop culture as Erika moves through grief to a place of clarity where she can see who she is without her mom and because of her Fiske Guide to Colleges Edward B. Anthony Smith, 2008 Every society has its ideals and its myths In *Naked America* author Michael A Smith examines many of the nation's original ideals and presents compelling information indicating most of them have been transformed into myths For example many regularly describe the United States as the land of economic opportunity yet 20 percent of American households earn half of all income and own more than half of all the nation's assets Education is touted as the road to success although only one third of high school graduates achieve a postsecondary education degree Two thirds of future jobs in what has become essentially a service economy are projected to be low or very low paying In the world's self proclaimed greatest democracy pessimism about government is widespread and only 35 percent of registered voters vote regularly Although more than 80 percent of Americans profess to be practicing Christians New Testament ethics appear overwhelmed by mindless materialism pervasive marketplace fraud a high crime rate constant ideological bickering and cultural kitsch To rectify this situation and turn America's ideals into reality the author proposes many wide ranging social economic and political reforms *Recommended Reference Books for Small and Medium-Sized Libraries and Media Centers* Shannon
