**Instagram and Facebook Ads Like a Boss** Aleksandr Litavsky,2019-06-21 Facebook has 2 32 billion users Instagram has 1 billion users In total the Internet has 4 38 billion users Do you want to get customers from these social media for cheap Read on With Facebook and Instagram advertising you can reach specific people based on their interests behavior geographical position and demographical characteristics These options provides you with the possibility toof showing your ads to those people who you really need it However you need to know how to do it efficiently Otherwise you may lose your money This book will provide you with the ultimate guide on creating ads within Facebook and Instagram What is the key to success in Facebook Advertising How to correctly setup an ad account What are the 4 key steps to create advertisement in Facebook Ads Manager How to setup Instagram Ads How to monitor an ads performance effectively How to avoid common mistakes And all this you get for the price of a cup of coffee So scroll to the top of the page and click the BUY NOW button And you can still get this Kindle book for free since it is enrolled in Kindle Matchbook program The book will be available for free when you purchase the paperback version from Amazon com *Instagram Secrets* Alexander Vinci,2021-09-04 Do you want to know how Instagram really works and what mindset you must have to succeed in this platform If you just starting reading through this guide and are thinking that your business isn t an eCommerce business and so Instagram isn t the place for you think again Remember the key proposition that Instagram brings is visualization Consider these examples 1 You re a real estate agent and want to highlight the newest mountain home that you have on the market 2 You are a world class hospital that just released a new mother s ward with beautiful birthing and stay suites with a spa like feel 3 You re a restaurant owner and want to highlight your savory and mouthwatering specials each week The above examples are all situations where nothing is actually being transacted online but the business is building brand awareness and drumming up interest so that the consumer will visit their website or pick up the phone to learn more The mysterious Instagram algorithm While we ll never know exactly how Instagram has weighted the various data points that they put into their algorithm we do know that Instagram s back end technology now focuses on relevancy serving up the posts that are most likely to relate to certain users based on their activity on the site So every time a user clicks through a post or spends a certain amount of time looking at a certain influencer Instagram is capturing that data in some way and building it into their engine to ensure that posts that users won t care about are less likely to show up in their feed We do know however that Instagram is looking at the following

Timely content This is all about recency meaning if a user hasn't logged in for a while they won't have to scroll through outdated and no longer relevant posts They'll be shown timely content that matters to them Interest This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in Relationships Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company's registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Instagram Marketing Step-By-Step](#) Bryan Bren, 2021-04-21 Are you looking to grow your branding through social media powerhouses like Instagram Would you like to be able to make the most of it by finding a niche and using relative and targeted ads to be able to deliver the best services and products to your customers Then you've found the right book This guide will teach you the essentials of marketing on Instagram that you can use time and time again Marketing and campaigning through Instagram is another avenue for reaching people and turning them into loyal customers while delivering a top quality services and products The fact that it's used globally is a huge benefit for being able to reach customers But another key element that comes into play is the visuals that Instagram is known for If you want to make the most of Instagram for making your services known then THIS is what you'll want to read In this guide you'll find The essentials of Instagram and how to get started How your marketing efforts can benefit using Instagram The elements of creating your own brand Creating an outstanding bio and how a top quality one makes a difference How to pick a profitable niche and pursue it The ideal times to post content that help generate leads and how you can take advantage of trending topics How to create high quality content on Instagram including how it drives followers Finding apps that help make content creation easier The methods that you can use to earn money through Instagram Using stories and contests as a means to generate leads and sales especially for your brand How you can have well known people and brands stand behind your marketing efforts to help your brand grow The
