The Dark Social Toija Cinque,Alexia Maddox,Robert W. Gehl,2023-11-07 This book explores how people interact online through anonymous communication in encrypted hidden or otherwise obscured online spaces Beyond the Dark Web itself this book examines how the concept of dark social broadens the possibilities for examining notions of darkness and sociality in the age of digitality and datafied life The authors take into account technical moral ethical and pragmatic responses to ourselves and communities seeking to be belong in of the dark Scholarship on the Darknet and Dark Social Spaces tends to focus on the uses of encryption and other privacy enhancing technologies to engender resistance acts Such understandings of the dark social are naturally in tension with social and political theories which argue that for politics and acts to matter they must appear in the public light They are also in tension with popular narratives of the dark recesses of the web which are disparaged by structural powers who seek to keep their subjects knowable and locatable on the clear web The binary of dark versus light is challenged in this book The authors provocation is that practices of dark resistance motility and power are enacted by emerging data cultures This book draws together scholarship activism and creativity to push past conceptual binary positions and create new approaches to darknet and dark social studies The Dark Social Online Practices of Resistance Motility and Power will be a key resource for academics researchers and advanced students of media studies cultural studies communication studies research methods and sociology This book was originally published as a special issue of Continuum Journal of Media Cultural Studies

Facebook Nation Newton Lee,2022-02-02 This book explores total information awareness empowered by social media At the FBI Citizens Academy in February 2021 I asked the FBI about the January 6 Capitol riot organized on social media that led to the unprecedented ban of a sitting U S President by all major social networks In March 2021 Facebook CEO Mark Zuckerberg Google CEO Sundar Pichai and Twitter CEO Jack Dorsey appeared before Congress to face criticism about their handling of misinformation and online extremism that culminated in the storming of Capitol Hill With more than three billion monthly active users Facebook family of apps is by far the world's largest social network Facebook as a nation is bigger than the top three most populous countries in the world China India and the United States Social media has enabled its users to inform and misinform the public to appease and disrupt Wall Street to mitigate and exacerbate the COVID 19 pandemic and to unite and divide a country Mark Zuckerberg once said We exist at the intersection of technology and social issues He should have heeded his own words In October 2021 former Facebook manager turned whistleblower Frances Haugen testified at the U S Senate that Facebook's products harm children stoke division and weaken our democracy This book offers discourse and practical advice on information and misinformation cybersecurity and privacy issues cryptocurrency and business intelligence social media marketing and caveats e government and e activism as well as the pros and cons of total information awareness including the Edward Snowden leaks Highly recommended T D Richardson Choice Magazine A great book for social media experts Will M AdWeek Parents in particular

would be well advised to make this book compulsory reading for their teenage children David B Henderson ACM Computing Reviews Who Can You Trust? Rachel Botsman,2017-11-14 If you can't trust those in charge who can you trust From government to business banks to media trust in institutions is at an all time low But this isn't the age of distrust far from it In this revolutionary book world renowned trust expert Rachel Botsman reveals that we are at the tipping point of one of the biggest social transformations in human history with fundamental consequences for everyone A new world order is emerging we might have lost faith in institutions and leaders but millions of people rent their homes to total strangers exchange digital currencies or find themselves trusting a bot This is the age of distributed trust a paradigm shift driven by innovative technologies that are rewriting the rules of an all too human relationship If we are to benefit from this radical shift we must understand the mechanics of how trust is built managed lost and repaired in the digital age In the first book to explain this new world Botsman provides a detailed map of this uncharted landscape and explores what's next for humanity Teaching for Learning Claire Howell Major,Michael S. Harris,Todd D. Zakrajsek,2015-08-27 Despite a growing body of research on teaching methods instructors lack a comprehensive resource that highlights and synthesizes proven approaches Teaching for Learning fills that gap Each of the one hundred and one entries describes an approach and lists its essential features and elements demonstrates how that approach has been used in education including specific examples from different disciplines reviews findings from the research literature describes techniques to improve effectiveness Teaching for Learning provides instructors with a resource grounded in the academic knowledge base written in an easily accessible engaging and practical style

Milton's Cambridge Latin John K. Hale,2005 Milton's Cambridge Latin performing in the genres 1625-1632 follows Milton as a student performing aloud in each of the Latin genres required or voluntary by which Cambridge defined itself in his time there By taking readers inside his Latin scripts this study shows his emerging personality different from orthodox accounts He seeks reputation he is outgoing and politically alert and where appropriate he is cheeky and bawdy Methods used in his book include those of Latin scholarship history and anthropology All the Latin is given in its original and in translation A special feature is the first ever complete text and edition of Milton's showy parody of Cambridge graduations by which he presented his college's freshmen at their induction rite For this reason in particular the work is needed by all university libraries and Milton scholars

Figueiredo, 2001 This study presents contemporary theological conceptions of the magisterium-theology relationship in the United States as found in the writings of classical theologians and three elder statesmen of theology Avery Cardinal Dulles, Fr. Francis Sullivan, and the late Fr. Richard McCormick. It also examines the pronouncements of the U.S. Bishops both as a Conference and as individuals on this theme. The work addresses such important issues as the relationship between theological reasoning and magisterial statement, dissent, the natural moral law, the grades of Church teaching, and the conditioning of dogma. The study aims to determine the definitive foundation for a correct rapport between magisterium and theologians

Business Data

Communications and Networking Jerry Fitzgerald, Alan Dennis, Alexandra Durcikova, 2020-11-26 Business Data Communications and Networking 14th Edition presents a classroom tested approach to the subject combining foundational concepts, practical exercises, and real world case studies. The text provides a balanced, well rounded presentation of data communications while highlighting its importance to nearly every aspect of modern business. This fully updated new edition helps students understand how networks work and what is required to build and manage scalable mobile and secure networks. Clear student friendly chapters introduce, explain, and summarize fundamental concepts and applications such as server architecture, network and transport layers, network design processes and tools, wired and wireless networking, and network security and management. An array of pedagogical features teaches students how to select the appropriate technologies necessary to build and manage networks that meet organizational needs, maximize competitive advantage, and protect networks and data from cybersecurity threats. Discussions of real world management and technical issues from improving device performance to assessing and controlling costs provide students with insight into the daily networking operations of actual businesses *The New Scholasticism* Edward Aloysius Pace, James Hugh Ryan, 1943 Includes section
