Disruptive Fintech James Deitch, 2019-12-16 Throughout history innovators have disrupted existing financial services norms to change the landscape of the marketplace Disruptive Fintech briefly traces fractional reserves the creation of bank currency that traded at a premium to bullion value central bank regulation securitization of assets and loans the current state of digital currency and electronic payments The author then looks toward the future of fintech and the forces of disruption that will change the landscape of financial life as we know it Using over 100 interviews with thought leading CEOs this book develops a methodology to identify financial services that are

ripe for innovation and discusses how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models The book discusses How to relate historical innovations and disruptions in financial services to the current landscape How to follow a process to identify the threats facing incumbent processes and businesses and how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models How many fintech innovations will be constructed by re arranging or re purposing existing core processes In this insightful book author James Deitch CPA CMB argues that some of today s high flying fintech innovators will flourish but many may perish as the fire of innovation consumes those fintechs that are slow to monetize their promises *No Red Lights* Alan J. Patricof,2022-05-03 As featured in The Wall Street Journal One of Business Insider s 5 Best Leadership Books I Read This Year for 2022 A look back at entrepreneurial growth and venture capital in the last half century by one of the leading figures in the industry Extensive media and online coverage of the business arena news of start ups mergers and deals are familiar headlines these days But that wasn t always the case The early years of venture capital were a far cry from today s very public dealings Alan Patricof one of the pioneers of the venture arena offers a behind the scenes look at the past fifty years of the industry From buying stock in Apple when its market valuation was only 60 million to founding New York Magazine to investing in AOL Audible and more recently Axios his discerning approach to finding companies is almost peerless All of Patricof s investments from Xerox to Venmo share certain qualities Each company had sound product with wide appeal the economics were solid and the management team was talented and committed to seeing their visions come to fruition Unlock Your Self-Taught Genius Conrad Riker,101-01-01 Fed up with a world that punishes ambition and mocks manhood Tired of being told your drive is toxic while your paycheck gets taxed into someone else s utopia Sick of sacrificing your legacy to fund a system that labels you disposable Watched your rights vanish while your responsibilities multiply 1 Why 70% of Fortune 500 C E O s credit self taught skills not degrees for their success and how to replicate it 2 How to slash 4 3 daily wasted hours and weaponize productivity like a Silicon Valley warlord 3 The forbidden link between testosterone and building empires hint your Netflix habit is killing both 4 Divorce court horror stories and the legal hacks they don t want you to know 5 Sweden s equality experiment exposed What happens when men stop leading 6 Underground networks where fathers teach sons real skills not pronouns 7 Why every toxic masculinity accusation secretly proves evolutionary psychology 8 From Rome s fall to your paycheck How soft men create hard times If you want to crush mediocrity protect what s yours and leave a mark that outlives the gynocracy buy this book today Single to Triple Figures Per Hour Betty Peto,2021-12-31 How a bathers kick started and scaled their solo groomer dog spa with tools and techniques for groomers to start and grow their grooming business **Power Politics** Darrell M. West,2022-08-09 Curing the causes and consequences of Trumpism It s no secret that the United States faces extraordinary political and societal challenges even as it recovers from the COVID 19 pandemic Political polarization and extremism are the most apparent symptoms resulting from long term economic and social

inequities as well as a toxic information ecosystem It is easy to blame Donald Trump for the sad state of American democracy After all he abused his executive authority spread false claims and even incited violence But Trumpism is almost certain to outlast Trump himself The grievances he exploited and the aggrieved to whom he appealed existed well before he became president and likely will endure after he is gone from the political scene The current political atmosphere is poisonous for those who operate on the basis of facts reason and logic It is time to step back from this dangerous precipice and reflect on the causes of the serious threats to American democracy procedural justice and a reason based society With polarization now entrenched and authoritarianism gaining strength no one should assume that facts somehow will triumph over falsehoods and reason will prevail over emotion Drawing on his personal experiences in the D C policy world Darrell West offers advice for protecting people organizations and the country as a whole from our contemporary challenges This book makes the risks to democracy understandable by explaining specific threats and offering concrete ideas for ameliorating them It will appeal to anyone interested in American politics democracy elections mass media technology and governance
