Childhood Education and Care Jyotsna Pattnaik, Mary Renck Jalongo, 2022-07-07 This collection brings together a diverse group of scholars from throughout the world who have grappled with and investigated the impact of the COVID 19 crisis on the lives of young children. Profound changes have occurred in all facets of early childhood education and care. ECEC Young children and their families, college students enrolled in teacher preparation programs, inservice teachers, caregivers, and postsecondary faculty have endured prolonged periods of quarantine, disruption, stress, and grief precipitated by the pandemic. These consequences have been even more challenging for individuals and groups who were already struggling or marginalized prior to the advent of the coronavirus. Collectively, the chapter authors draw upon findings from their research and insights gleaned from professional experiences to recommend ways of providing high quality programs despite persistent global health threats.

The power of impact Anouk van Oordt, Coline Lescot, 2025-09-18 Organisations today face deep uncertainty and growing pressure to transform from within and from the world around them. Signs of disconnection are everywhere between people and purpose, brand and behaviour, profit and planet. The Power of impact is intended for leaders who recognise that tension and want to act. Leaders who care about doing the right thing, making meaningful impact and bringing coherence to what their organisation thinks, does, and values. This book presents two key frameworks: the Transformational Spiral, guiding a participative journey, and the Coherence Compass, which uncovers misalignments between purpose, behaviour, culture, and space. It offers a practical, personal guide to reveal the invisible, reconnect what matters, and build organisations that are future fit, inspiring, and truly worth believing in. This fascinating book explores how sustainability is no longer just a constraint; it's a catalyst for bold thinking, breakthrough ideas, and lasting value. PETER HINSEN, global innovation and leadership expert, keynote speaker, entrepreneur, and author of The Uncertainty Principle. In The Power of impact, Anouk and Coline invite us to redefine success. They challenge us to co-create with our teams, listen deeply, and design spaces that foster genuine connection. ELS THERMOT, CEO at The Nest Family Office, entrepreneur and investor in sustainable companies. This book shows leaders how coherence between what you say, do, feel, and leave behind shapes meaningful employee and customer experiences. STEVEN VAN BELLEGHEM, recognised expert in customer experience, keynote speaker, entrepreneur, and author of A Diamond in the Rough. This book exposes the silent cracks between what companies say and what employees experience every day. Through a five-step approach, it shows how to reconnect strategy, behaviour, and spaces to create real change. BEATRICE DE MAHIEU, CEO at BeCode, expert in innovation and digital transformation, and entrepreneur. Get ready to be surprised, challenged, and energised. This book invites you to take a fresh look at your organisation, showing how observation, psychology, and architecture can be as powerful as business modelling in a way that is deeply humane and motivating. KOSTA PERIC, Deputy Director, Inclusive Financial Services at Gates Foundation.
