How to Promote Your Self-Published Kindle Books for Free Oliver Markus Malloy, Today there are thousands upon thousands of self published authors Most of them are invisible Nobody knows about them or their books The sad truth is that writing a book is the easy part Getting it out there getting it seen that's the hard part A lot of people waste their time posting links in Facebook groups

Forget Facebook groups There's a better way to promote your book **Choosing Faith** John W. Saultz,2019-05-16 A belief is a judgment that we assume to be true when making life decisions Our beliefs cannot conclusively be proven true or false Beliefs can be as simple as our preference for food or as profound as our religious beliefs How are beliefs different from knowledge or opinion How do beliefs develop and change over time and how do they become the foundation of our purpose

in life This book is divided into three sections The first explains how beliefs are formed in childhood and modified and adapted when we become adults The second section explores different types of belief and introduces the notion of moral beliefs about right and wrong and religious beliefs about the existence and nature of God The final section of the book explains how beliefs are prioritized into a faith that becomes our framework for making life decisions The beliefs we hold most dear form the building blocks of our purpose in life We have the freedom to choose our beliefs so we have the freedom to choose our purpose The goal of this book is to help the reader think deeply about this process and explore the meaning of this freedom
