Fleishman, 2015-12-23 Master the fundamentals of your iPhone or iPad Version 2.1.1 updated December 23, 2015 iPhones and iPads were intended to be easy to use but over the years a lot of complexity has crept in. As a result, most of us, even those who have been using these devices for years, jump through unnecessary hoops to perform basic tasks and overlook helpful but less than obvious features. This book walks you through everything you need to know to navigate your device with ease. Apple doesn't include an instruction manual with iPhones or iPads, assuming that you'll search the web to learn how to do anything you can't easily figure out. That's a pity because it spells frustration for new users and means a great deal of your fancy device's power may go unused. Glenn Fleishman is here to help with iPhone and iPad Basics, a friendly guide to all the information Apple never gave you. Do you know the difference between the Lock Screen and the Home Screen? What Control Center is and how to customize it? How to use a share sheet? What to do when you get too many annoying notifications? How to find apps in a sea of icons? Ways to run multiple apps at the same time on an iPad? Those are just a few of the topics Glenn explains in detail. You'll learn about Terms and Concepts, The Names and Meanings of Important Interface Elements, Hardware Controls, What All the Physical Controls Do, plus charging options and the StandBy feature for iPhones, Cameras, Use the front and rear-facing cameras on your iPhone or iPad, Customization, Configure the Lock Screen, Home Screen, Dock, Control Center, and innumerable settings to your liking, Apps, What All of Apple's Built-In Apps Do, how to add new apps and how to switch between apps, Finding stuff, Use Spotlight to find apps, files, contacts, and more, Siri, How to use your voice to interact with your iPhone or iPad, Keyboards, All the tricks of the on-screen keyboard plus what you can do with an external keyboard, Sharing, Share nearly any sort of information on your device with other people or services using the share sheet, Focus settings, Avoiding distractions with enhanced Do Not Disturb features, Special iPad features, How to multitask on an iPad, and more. Switching from Android, Tips for moving to an iPhone or iPad from an Android device. This book keeps its focus on basics, deliberately avoiding advanced topics. Rather than serving as a comprehensive reference guide, it helps you find your footing and helping you feel confident with the major capabilities of your iPhone or iPad. IPad at Work David Sparks, 2011-10-04 iPad as a business tool. Absolutely. Need to make an impromptu presentation? Update a spreadsheet? Check on a project e-mail? a file or polish up a document on your way to a meeting? Your iPad has it covered. This guide focuses on the iPad's business life, detailing how to set it up, secure it, and take full advantage of everything it offers: the enterprise, Best practices, productivity tools, working from the cloud, video conferencing, even using your iPad to get you to the meeting, all that and much more explained right here. Set up your iPad for business, sync it, back it up, and choose accessories and utilities. Investigate browser options, manage your Twitter feed safely, use cloud storage, set up a video conference, and explore e-meeting options. Book flights and hotels, navigate a city, and convert currency. Explore your choices for word processing, spreadsheets, note-taking, presentations, e-mail reading, e-books, and more. Discover apps that work for your specific industry. Communicate with Windows networks. Visit our website at www.wiley.com/compbooks **A Bigger Message** Martin

Gayford, 2016-08-16 Sumptuously illustrated this radiant volume encapsulates what it truly means to be a visual artist. Booklist David Hockney's exuberant work is highly praised and widely celebrated; he is perhaps the world's most popular living painter. But he is also something else: an incisive and original thinker on art. This new edition includes a revised introduction and five new chapters which cover Hockney's production since 2011, including preparations for the Bigger Picture exhibition held at the Royal Academy in 2012 and the making of Hockney's iPad drawings and plans for the show. A difficult period followed the exhibition's huge success, marked first by a stroke which left Hockney unable to speak for a long period, followed by the vandalism of the artist's Totem tree trunk and the tragic suicide of his assistant shortly thereafter. Escaping the gloom in spring 2013, Hockney moved back to L.A. A few months later, Martin Gayford visited Hockney in the L.A. studio where the fully recovered artist was hard at work on his *Com die humaine*, a series of full-length portraits painted in the studio. The conversations between Hockney and Gayford are punctuated by surprising and revealing observations on other artists: Van Gogh, Vermeer, and Picasso among them, and enlivened by shrewd insights into the contrasting social and physical landscapes of Yorkshire, Hockney's birthplace, and California. The Art of the App Store Tyson McCann, 2011-12-06 This guide provides an in-depth look into the perils and potential of the iPhone and iPad app landscape. Presents tried and tested methods for competitive research, finding your niche, understanding customer expectations, setting goals and milestones, and managing app development from concept to post-launch. Also includes guidelines for developing and pricing your app, using the most up-to-date trends, a plan for viral marketing using social networks, metric tracking, taking advantage of feedback, and more. *IConnected* Ben Harvell, 2013-04 What if all your iOS devices could talk to each other without your help? Harvell shows you how to bring harmony to your Apple world and helps you get organized at work and at home with synced contacts, bookmarks, and e-mails on all of your devices via WiFi and cellular data. *How to Do Everything: iPad, 3rd Edition : covers 3rd Gen iPad* Joli Ballew, 2012-06-19 Tap into the power of the third-generation iPad.
