Independence in 21st-Century Popular Music Shannon Garland, Pedro Belchior Nunes, Pedro Roxo, 2025-01-23 Can music be made independently in the 21st century? More than a generation of musicians, music workers and music companies have now been operating in the context of the profound shifts in music production and dissemination in the digital era. Scholarly focus on musical independence has often been centered on genres like punk and indie, rooted in the US and UK. This volume focused outside the Euro American context shows the variety of ways musicians, music workers and businesses manage the economic, media and cultural shifts propelled by digitalization, asking what it means now to say one is independent. It brings together scholars from around the globe who are researching forms of music production, circulation, consumption and finance that blur the boundaries between the dominant corporate players and independent cultural production. With chapters detailing popular music in Argentina, Brazil, Chile, Cuba, Indonesia, Portugal, Spain and Taiwan, independence is shown to be a concept and practice simultaneously nebulous, contradictory and practical.

Rap Capital Joe Coscarelli, 2022-10-18 An impassioned tribute. Publishers Weekly starred review to the most influential music culture today. Atlanta rap: a masterful street-level story of art, money, race, class and salvation from acclaimed New York Times reporter Joe Coscarelli. From mansions to trap houses, office buildings to strip clubs, Atlanta is defined by its rap music. But this flashy and fast-paced world is rarely seen below surface level as a collection not of superheroes and villains, cartoons and caricatures, but of flawed and inspired individuals all trying to get a piece of what everyone else seems to have. In artistic, commercial and human terms, Atlanta rap represents the most consequential musical ecosystem of this century. Rap Capital tells the dramatic stories of the people who make it tick and the city that made them that way. The lives of the artists driving the culture from megastars like Lil Baby and Migos to lesser

known local strivers like Lil Reek and Marlo represent the modern American dream but also an American nightmare as young Black men and women wrestle generational curses crippled school systems incarceration and racism on the way to an improbably destination atop art and commerce Across Atlanta rap dreams power countless overlapping economies but they are also a gamble one that could make a poor man rich or a poor man poorer land someone in jail or keep them out of it Drawing on years of reporting more than a hundred interviews dozens of hours in recording studios and on immersive ride alongs acclaimed New York Times reporter Joe Coscarelli weaves a cinematic tapestry of this singular American culture as it took over in the last decade from the big names to the lesser seen prospects managers grunt workers mothers DJs lawyers and dealers that are equally important to the industry The result is a deeply human era defining book that is required reading for anyone who has ever wondered how exactly Atlanta hip hop took over the world Kelefa Sanneh author of Major Labels Entertaining and profound Rap Capital is an epic of art money race class and sometimes salvation
