Understanding Enterprise Liability Understanding Enterprise Liability:

Understanding Enterprise Liability Virginia Nolan, Edmund Ursin, 1995 Tort reformers commonly equate enterprise liability with strict products liability and other expansive tort developments of recent decades Damages reform and no fault alternatives are in turn seen as a repudiation of a failed theory of enterprise liability In contrast the authors demonstrate that both strict product liability and no fault compensation plans are a product of the enterprise liability theory first articulated early in this century by Leon Green and Karl Llewellyn As the theory of enterprise liability matured damages reform became an integral part of the enterprise liability agenda establishing that both no fault and damages reform are an aspect not a repudiation of enterprise liability theory

Reasonableness and Risk Gregory C. Keating, 2022 The law of torts is concerned with what we owe to one another in the way of obligations not to interfere with or impair each other's urgent interests as we go about our lives in civil society This book argues that tort law addresses a domain of basic justice and that its rhetoric of reasonableness implies a distinctive morality of mutual right and responsibility

Exploring Tort Law M. Stuart Madden, 2005-09-26 Independent of criminal or contract law Tort law provides individuals and groups with redress for injury to every dimension of life from physical injury to property damage to personal insult Over past decades no body of law within the civil justice system has experienced greater ferment than the law of Torts In the US state courts federal courts and the Supreme Court have all been active in the development of Tort policy This edited collection comprises scholarship from many of today's most influential contributors regarding Torts and Compensation Systems scholarship Topics include an investigation of the original stimuli for tort type norms from ancient times onwards a provocative analysis of five tort landmarks from *MacPherson v Buick Motor Co* to *United States v Carroll Towing Co* and a frank assessment of the limitations of torts within broader compensation systems goals
