Unifying Educational Systems Leadership And Policy Perspectives:

Unifying Educational Systems Leonard C. Burrello,Wayne Sailor,Jeannie Kleinhammer-Tramill,2012-11-27 Unifying Educational Systems encourages leaders to move beyond the traditional forms and rituals of leadership for special education that are caught within traditional definitions of a continuum of services Grounded in public policy debates research on teaching and learning and an emerging consensus throughout the leadership community that calls into question our current practices chapters in this volume provide a discussion of the purpose principles and paradoxes extant in the implementation of current special education policy Chapter authors discuss how students are currently served the feasibility of re conceptualizing special education leadership in the current policy context and the challenges for the future Ultimately Unifying Educational Systems calls for a new policy framework to integrate special education within the larger instructional support system in schools in order to support a social justice and inclusive practices agenda   IJER Vol 27-N1 International Journal of Educational Reform,Charles J. Russo, Ed.D., J.D., Panzer Chair in Education, University of Dayton,2018-02-09 The mission of the International Journal of Educational Reform IJER is to keep readers up to date with worldwide developments in education reform by providing scholarly information and practical analysis from recognized international authorities As the only peer reviewed scholarly publication that combines authors voices without regard for the political affiliations perspectives or research methodologies IJER provides readers with a balanced view of all sides of the political and educational mainstream To this end IJER includes but is not limited to inquiry based and opinion pieces on developments in such areas as policy administration curriculum instruction law and research   **Viewpoints on Interventions for Learners with Disabilities** Festus E. Obiakor,Jeffrey P. Bakken,2018-05-18 This volume focuses on divergent perspectives and innovative interventions known to maximize the fullest potential of people with exceptionalities Emphasizing that intervention strategy objectives must always be to meet individual learners unique needs contributions reflect where we are and where we are going in the field of special education   **Transformative Inclusive Education** Rick Freeze,2023-08-25 Inclusive education is a critical issue at the forefront of educators minds Transformative Inclusive Education tackles the subject by reimagining current practices in education and renovating teaching strategies This collection demonstrates that inclusion is an educational reform movement that can only succeed if educational institutions and practitioners rethink the meaning substance and purpose of education and adopt the new missions patterns of decision making understandings of teaching and learning pedagogies collaborative roles and classroom practices that flow directly from the inclusive reform movement Featuring contributions from a diverse array of scholars practitioners and people with disabilities this text weaves together the historical legal theoretical and pedagogical currents that underpin the implementation of inclusive education and speaks to current research in the field From there it moves forward with a practical trajectory and guide for enacting lasting effective change in schools to create an inclusive environment for all students The authors integrate concepts such as

RTI UDL MTSS and SEL and address issues such as collaborative decision making positive approaches to behaviour academic scaffolding and inclusive technologies and teaching practices They also look beyond schools extending inclusive education to families and communities and integrating self advocacy in practice Including case studies realistic examples and activities for further learning and reflection this volume is a vital resource for undergraduate and graduate students in education FEATURES Provides a framework to redesign teaching practice and enact positive lasting change for truly inclusive schools Connects theory to larger pedagogical constructs such as experiential learning social construction of knowledge student engagement and authentic learning Contains resources for further reading and activity boxes with essential takeaways for student review **Inclusion and Special Needs Education for Immigrant Students in the Nordic Countries** Natallia Bahdanovich Hanssen,Heidi Harju-Luukkainen,Christel Sundqvist,2023-12-01 Inclusion for immigrant students with special educational needs SEN is a neglected area of research This edited volume addresses this problem providing up to date insights into the provided support and special needs education SNE for immigrant students in different contexts of the Nordic countries This important book explores the diversity of student experiences addressing both compulsory schools and vocational education and examines how different Nordic countries conceptualise and approach support and SNE for immigrant students Readers will get an opportunity to read various studies that address gaps in the realisation of inclusion and special need education This book initiates a dialogue on generating new knowledge approaches and methods to expand the flexibility necessary to implement a fully inclusive education The book offers research that includes strong theoretical and practical frameworks interviews interventions assessments case studies as well as offers future directions for inclusive and special needs education By exploring the process of inclusion and special needs education in the Nordic countries this book is an essential read for those who intend to deepen their understanding and to enact inclusion and the development of special needs education for immigrant students Chapter 3 of this book is freely available as a downloadable Open Access PDF at http www taylorfrancis com under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Build Equity, Join Justice** Amy McCart,Wade Kelly,Wayne Sailor,2023-04-25 A playbook for designing schools where no student is marginalized Educators all over the country are waking to a collective realization The hope and compassion they have for their students is not enough to counteract the inequitable policies and practices of the school system Students and communities who have been historically disenfranchised along lines of race and disability continue to face predictable barriers to opportunity and independence In Build Equity Join Justice the authors present a new path forward that leads away from deficit focused policies and toward strengths based practices The authors ten equity advancing principles based on the groundbreaking work of the SWIFT Education Center in multiple school districts are designed to address the learning needs and social concerns of all students without requiring them or their advocates to ask permission to be included Complete with practical tools and reflective activities throughout this book
