## Unisa Courses For 2015:

*Labour Law Rules! Third Edition* Marie McGregor, 2017-11-17 Labour Law Rules is a book designed primarily as an introductory text for students encountering labour law for the first time whether their goal is a law degree or some other discipline involving a basic knowledge of the labour relations regulatory regime in South Africa. In the past two years since publication of the first edition of Labour Law Rules some significant events took place which impacted on labour law resulting in a number of changes proposed to reform labour law. The new edition of Labour Law Rules aims to lay a sound and up to date foundation of basic labour law rules which will enable students to be empowered to assist in shaping the future working environment and laws of the country. The second edition of the bestselling text book Labour Law Rules continues to provide a highly accessible text on labour equity social security skills development and related laws fully updated to include the latest changes and amendments in labour law in South Africa. It discusses these laws against the backdrop of South Africa as a member state of the ILO and the economic and socio economic context in the country.

International Handbook of Distance Education Terry Evans, Margaret Haughey, David Murphy, 2008-02-13 Distance education is arguably one of the major developments in education during the 20th Century. This title explores the array of distance education theories and practices as they have been shaped by the late 20th Century and then positions these in terms of the contemporary circumstances of the 21st Century. Handbook of Theory and Practice of Sustainable Development in Higher Education Walter Leal Filho, Constantina Skanavis, Arminda do Paço, Judy Rogers, Olga Kuznetsova, Paula Castro, 2016-11-23 This Handbook approaches sustainable development in higher education from an integrated perspective addressing the dearth of publications on the subject. It offers a unique overview of what universities around the world are doing to implement sustainable development i.e. via curriculum innovation research activities or practical projects and how their efforts relate to education for sustainable development at the university level. The Handbook gathers a wealth of information ideas best practices and lessons learned in the context of executing concrete projects and assesses methodological approaches to integrating the topic of sustainable development in university curricula. Lastly it documents and disseminates the veritable treasure trove of practical experience currently available on sustainability in higher education.
