Understanding Human Rights:

Understanding Human Rights Wolfgang Benedek,2012 **Understanding Human Rights Principles** Jeffrey Jowell,Jonathan Cooper,2001-04-30 Human rights are brought to life by a number of defining principles This text explores each of those principles in depth through comprehensive informative and provocative papers written by prominent and distinguished practitioners and legal academics These papers were first delivered at a series of seminars organised by JUSTICE and University College London Contents Foreword by the Hon Mr Justice Richards Introduction by Jeffrey Jowell QC and Jonathan Cooper The concept of a lawful interference with fundamental rights Helen Mountfield Identifying the principles of proportionality Michael Fordham and Thomas de la Mare Determining civil rights and obligations Javan Herberg Andrew le Sueur and Jane Mulcahy Positive obligations under the Convention Keir Starmer The horizontal effect of the Human Rights Act moving beyond the public private distinction Murray Hunt The place of the Human Rights Act in a democratic society Rabinder Singh Part of the Justice Series *Understanding Human Dignity* Christopher McCrudden,2013-11-21 The concept of human dignity has become central to politics law and theology but is little understood This book presents a wide ranging collection of edited essays from specialists in law theology politics and history and seeks to define the main areas of current debates about the concept in these disciplines **Understanding Human Rights** O. P. Dhiman,2011

Understanding, Defining and Eliminating Workplace Bullying Jerry A. Carbo,2017-03-16 Workplace bullying is a severe and pervasive problem around the globe and in particular in the United States where no meaningful steps have been taken to address this problem This book will help readers to understand and to define workplace bullying to be able to prevent detect remedy and eliminate workplace bullying Readers will gain an understanding of the forms causes and effects of workplace bullying Readers will also be able to understand the current gaps in U S law and become familiar with more effective international laws to address workplace bullying Finally the reader will be presented with the potential paths to put an end to workplace bullying in their own workplace and in workplaces across the globe **Human Dignity and**

Human Rights Pablo Gilabert,2018-11-15 Human dignity social movements invoke it several national constitutions enshrine it and it features prominently in international human rights documents But what is human dignity why is it important and what is its relationship to human rights This book offers a sophisticated and comprehensive defence of the view that human dignity is the moral heart of human rights First it clarifies the network of concepts associated with dignity Paramount within this network is a core notion of human dignity as an inherent non instrumental egalitarian and high priority normative status of human persons People have this status in virtue of their valuable human capacities rather than as a result of their national origin and other conventional features Second it shows how human dignity gives rise to an inspiring ideal of solidaristic empowerment which calls us to support people's pursuit of a flourishing life by affirming both negative duties not to block or destroy and positive duties to protect and facilitate the development and exercise of the valuable capacities at the basis of

their dignity The most urgent of these duties are correlative to human rights Third this book illustrates how the proposed dignitarian approach allows us to articulate the content justification and feasible implementation of specific human rights including contested ones such as the rights to democratic political participation and to decent labour conditions Finally this book's dignitarian approach helps illuminate the arc of humanist justice identifying both the difference and the continuity between the basic requirements of human rights and more expansive requirements of social justice such as those defended by liberal egalitarians and democratic socialists Human dignity is indeed the moral heart of human rights Understanding it enables us to defend human rights as the urgent ethical and political project that puts humanity first

Understanding

Human Rights and Law ,2021 *Queer Encounters with International Law* Tamsin Phillipa Paige,Claerwen

O'Hara,2024-10-07 This book focuses on queer people and their encounters with international law Traversing a wide range of topics from trans discrimination and conversion therapy to sadomasochism and abolitionism this book asks questions about the impossibility of freedom and equality for queer communities in the world and the role that different areas of international law have to play in such a pursuit It considers how queer lives and bodies are rendered legible or illegible to the law through how we define concepts such as gender identity or private life It also reflects on whether legal activism focused on LGBTIQA rights can ever reflect the insights of queer theory The book engages with new issues in international law such as recent contestation over the meaning of gender in international human rights law and international criminal law It also showcases the diversity of approaches to queering international law that are emerging While some chapters offer a critique of international law's violent and exclusionary tendencies others re-invest in international law as a tool in the struggle for queer liberation by seeking to re-imagine it in queer directions The questions addressed in this book are wide-ranging and approached differently by the authors However, all centre on the complex relationship between international law, queer theory, and queer lives and what the future holds for these encounters going forward This collection of queer encounters with international law will be invaluable to scholars of international law, human rights, and international relations with an interest in critical approaches to these areas as well as to researchers, activists, and practitioners working in cultural, gender, and sexuality studies

Globalisation, Performance Culture and Students' Motivation Joseph Zajda,2025-05-31 This book analyses education policy trends that affect performing culture, academic excellence, and global competitiveness in schools It focuses on students' cultural identities and engagement, inclusive schooling, eliminating discrimination and discriminatory practices in the classroom, and relevant values education One of the major effects of cultural and economic forces of globalisation is that schools and school leaders, like other educational organisations, have modelled their goals and strategies on the entrepreneurial business model They are compelled to embrace the corporate ethos of efficiency, accountability, performance, and profit-driven managerialism This corporate ethos reflects a dominant neo-liberal ideology which exerts a powerful influence on major discourses of democracy, equality, social justice, and education both locally and

globally By examining the education policy shifts in the use of major discourses concerning performing culture and education this book offers a comprehensive synthesis of the intersecting and diverse discourses of globalisation cultural diversity performing culture and education It provides innovative ideas concerning the future directions for authentic models of globalisation performance culture and students motivation *Dignity and International Human Rights Law* Brett Scharffs, Ewelina Ochab, 2021-10-25 The Punta del Este Declaration and this book dedicated to elaborating upon it is devoted to exploring the ways that human dignity for everyone everywhere can be a useful tool in helping to address the challenges and strains facing human rights in the world today In 2018 an initiative was instigated to revitalize the human rights project by way of engaging the notion of human dignity This resulted in the Punta Del Este Declaration on Human Dignity for Everyone Everywhere Punta Del Este Declaration a declaration co authored by over 30 human rights experts from all over the world The Punta Del Este Declaration simplifies and brings coherence to the concept of human dignity in 10 brief statements that capture the many dimensions and aspects of human dignity and the practical ways that human dignity is useful in the promotion of human rights This book provides an overview of how the notion of human dignity has been used to strengthen human rights It discusses how human dignity plays many different roles in human rights discourse and has the force to revitalize the human rights project it is the foundational principle upon which the human rights project is built But it is also the telos or end goal of human rights At the same time it is an important evaluative mechanism for assessing how well a country is doing in the implementation of human rights The book will be a valuable resource for all those working in the areas of International Human Rights Law Legal Philosophy and Law and Religion *Human Rights Information Bulletin*

,2009 **Understanding Human Rights** C. A. Gearty, Adam Tomkins, 1996 PART FIVE NEW FRONTIERS *Exploring International Human Rights* Rhonda L. Callaway, Julie Harrelson-Stephens, 2007 Presenting a range of philosophical debates policy analyses and first hand accounts this text offers a comprehensive set of readings on the major themes and issues in the field of international human rights **Health and Human Rights**, 1996 **Understanding Human Rights Violations**

Steven C. Poe, 2019-06-04 Originally published in 2004 This excellent volume presents a systematic analysis of various human rights violations around the globe focusing on security and subsistence rights The book collects important contributions to the theoretical development of the human rights phenomenon covering a wide range of human rights issues and research approaches The research presented combines a variety of qualitative and quantitative approaches and brings together both theoretical and empirical work It places particular emphasis on making the advanced statistical methods that are used to test the arguments accessible to a wider readership Understanding Human Rights Violations will prove a useful tool for all in the fields of international human rights peace studies political violence and international law and offers a valuable introduction into the literature on human rights violations **Moral Issues in Military Decision Making** Anthony E. Hartle, 2004 Much has changed in warfare in recent years with America now dominant on the international scene and terrorism the new enemy In

light of these changes the need for moral grounding in military actions is a more pressing concern than ever. When it was originally published *Moral Issues in Military Decision Making* reflected the concerns posed by nuclear stalemate and the lessons of Vietnam. In that highly praised work Anthony Hartle outlined the essential elements of the Professional Military Ethic created for American military forces. In this new edition he reexamines the moral foundations for America's military leadership in the post 9/11 era. Considering world affairs since the first edition the Gulf War, Bosnia, Afghanistan, Iraq, 9/11 and the emergence of the United States as an unrivaled military power, Hartle explains how these events have raised ethical issues that differ dramatically from those of the Cold War by the war on terrorism, homeland defense, asymmetric warfare, the proliferation of American military interventions and the UN's role in peacekeeping operations. Using meticulously analyzed case studies twice as many as in the first edition he considers such moral dilemmas as torture, challenging superior officers' use of overwhelming force and responding to fire in the presence of civilian shields. In this revision Hartle examines further the status of professional military ethics in light of current affairs changes in the articulation of military values and recent research. In a new chapter on human rights he relates moral principles directly to values embedded in the Constitution and argues that overwhelming American military power cannot succeed unless it is accompanied by the moral force of the values it seeks to protect. Difficulties of applying conventional laws of war and human rights doctrine in military operations Hartle convincingly shows that national security is as much about the preservation of moral principles as it is about the protection of America's citizens and borders. His book demonstrates that the American military must continue to observe those principles in order to be effective in its primary mission.

The Failure to Prevent Genocide in Rwanda Frederik Grünfeld, Anke Huijboom, 2007. This volume is about the failure to prevent genocide in Rwanda in 1994. In particular the research focuses on why the early warnings of an emerging genocide were not translated into early preventative action. The warnings were well documented by the most authoritative source the Canadian UN peace keeping commander General Romeo Dallaire and sent to the leading political civil servants in New York. The communications and the decisionmaking are scrutinized i.e. who received what messages at what time to whom the messages were forwarded and which non decisions were taken in response to the alarming reports of weapon deliveries and atrocities. This book makes clear that this genocide could have been prevented. Published under the Transnational Publishers imprint.

Understanding Human Nature Alfred Adler, 1927

Handbook of Human Rights Thomas Cushman, 2012-02-20. In mapping out the field of human rights for those studying and researching within both humanities and social science disciplines the *Handbook of Human Rights* not only provides a solid foundation for the reader who wants to learn the basic parameters of the field but also promotes new thinking and frameworks for the study of human rights in the twenty first century. The *Handbook* comprises over sixty individual contributions from key figures around the world which are grouped according to eight key areas of discussion foundations and critiques new frameworks for understanding human rights world religious traditions and human rights social economic

group and collective rights critical perspectives on human rights organizations institutions and practices law and human rights narrative and aesthetic dimension of rights geographies of rights In its presentation and analysis of the traditional core history and topics critical perspectives human rights culture and current practice this Handbook proves a valuable resource for all students and researchers with an interest in human rights The Human Rights Review ,1981
