Indigenous, Traditional, and Non-State Transitional Justice in Southern Africa Everisto Benyera, 2019-09-13 The book investigates the use of bottom up community based healing and peacebuilding approaches focusing on their strengths and suggesting how they can be enhanced The main contribution of the book is an ethnographic investigation of how post conflict communities in parts of Southern Africa use their local resources to forge a future after mass violence The way in which Namibia s Herero and Zimbabwe s Ndebele dealt with their respective genocides is a major contribution of the book The

focus of the book is on two Southern African countries that never experienced institutionalized transitional justice as dispensed in post apartheid South Africa via the famed Truth and Reconciliation Commission We answer the question how have communities healed and reconciled after the end of protracted violence and gross human rights abuses in Zimbabwe and Namibia We depart from statist top down one size fits all approaches to transitional justice and investigate bottom up approaches

Productivity Improvement in Manufacturing SMEs Thomas Thinandavha Munyai,Boysana Lephoi Mbonyane,Charles Mbohwa,2017-12-12 This book focuses on the application of workstudy in productivity of manufacturing SMEs locally and abroad and also explores various industrial problems which face manufacturing SMEs in developing and underdeveloped countries in the rest of the world Low productivity is currently a serious challenge facing manufacturing SMEs where these SMEs are operating below expected production output levels which makes it difficult for them to compete in the global market SMEs are the engine drivers of economic growth one of which is manufacturing The challenge is that government from various countries in developing and underdeveloped countries mandated agencies in their respective areas to ensure that there is economic progress for these SMEs but productivity remains low in the manufacturing SMEs When SMEs do not perform well productivity of manufacturing SMEs declines and unemployment increases Thus an increase in unemployment results in a drop of GDP in the country and can become a global and economic crisis This book describes a process which enables the reader to use effective knowledge that addresses problems facing the productivity of manufacturing SMEs such as work study tools and case studies and provides solutions and applications to improve the running of the manufacturing SMEs in growing their productivity
