*Baseball, Golf, Wars, Women & Puppies* Buck Peden, 2011-08-10 I started my autobiography Baseball Golf Wars Women Puppies with a grabber page from my first trip to the Vietnam War on board the USS PERKINS DD 877 Then I followed with a chronological rendition which covered a trip to the Korean War and another to Vietnam during my 20 years in the U S Navy on three other different naval vessels but began with the chronological format of a life of a river rat born somewhat infamously in 1932 on the banks of Memphis My life in sports approximately 16 years moonlighting as a photojournalist my college education followed by 12 years as executives with the Chicago White Sox 5 and Cubs 7 concluding with one of several ownerships of small companies rounded out my interesting career I originally planned to continue with my three trips to the Vietnam and Korean Wars including my injury and sad losses of shipmates and friends Then go to my childhood parenthood many exciting careers etc etc etc However it didnt take too long for me to decide the categories overlap in too many places Hence A few years later Elvis Presley arrived on the planet and eventually became internationally famous there Memphis long known as the Home of the Blues was to become also famous as the home of the King of Rock n Roll My first high school Whitehaven is only a few blocks from Elvis Graceland And my Southside High bride and I began training our dancing shoes to the big bands of the 40s and peaked with the rocking and twisting of the 50s and 60s Although only a senior to be in high school the Korean War found me an early enlistee Why Because I was a youngster almost entering teenage during World War II Everything was thrilling about the big one for a boy that age All the toys were guns tanks jeeps warplanes etc The war movies were always exciting and in most cases the hero ended up with the female star As I was a young budding teenager females were becoming of more interest in my life I have never met any male whose sex life began earlier than mine older girls are great teachers Also the U S Navy aircraft pilots were my idols Landing airplanes on a sea going vessel was my kind of challenge I was so hooked that I joined the Navy to become a fighter pilot The recruiter was surprised at how I could identify all aircraft of nations involved in WWII I even memorized the horsepower of power plant s plus the cruising and maximum speed of each airplane My favorite was our Corsairs F4U a gull winged propeller fighter It never occurred to me until this moment recalling this tidbit but one of these planes almost killed me However the moonlighting working a civilian job at night on shore duty between these wars helped prepare me for my career highlight era in Major League Baseball There is no doubt about it my leash of life is anchored to the sportsworld My youth was playing or inventing sports orientated things It gave me a second glance by people in the sportswriting and sportscasting fields This all led to sports columnist and sports editor jobs in the newspaper business This along with learning the print business was not only a challenge which I always relished but was mucho fun The many hours and stress involved led to more and more alcohol Which definitely made a honky tonk man out of me where there is plenty of wine women and song The latter threesomes were like a personal little cloud that follows me throughout most of this autobiography I wasnt able to attend college fulltime until I finished my 20

years in the U S Navy Then finishing With Honors gave my mother extreme pride after her total education was a small 12 total students high school in sticks of Mississippi I had almost completed by Masters Degree and CA Lifetime Teachers Credential when I got into Major League Baseball and went to Chicago     [Moon Baseball Road Trips](#) Timothy Malcolm,2021-05-04 Sunshine hot dogs friends and the excitement of the game Baseball is called America s pastime for a reason Experience the best of the MLB cities and stadiums with Moon Baseball Road Trips Flexible Itineraries Explore the 30 major league cities with a variety of road trip options including a Boston to DC route a loop through the Midwest a dip into Toronto a cruise along the West Coast and more Visit all the Ballparks From the ivy walls of Wrigley to Fenway s Green Monster and Dodger Stadium s gorgeous mountain views experience every ballpark in the league and dive into local fan culture Catch a Game Find valuable tips for snagging tickets and get the inside scoop on the best places to park or catch public transit where to eat and drink nearby and events like music festivals the Hall of Fame Weekend Fourth of July celebrations and more Explore the Major League Cities Get to know the MLB hometowns with full chapters on each city Pay respects to Babe Ruth in Baltimore visit Cleveland s Rock Roll Hall of Fame and stroll through the Boston Common Find the best local craft breweries and chow down on chili dogs barbecue fresh crab and more foodie specialties Hold back a tear at the Field of Dreams grab a seat for a Spring Training game or rent a kayak on the bay and try to catch a fly ball from San Francisco s Oracle Park Expertise and Know How Former baseball writer and avid Phillies fan Timothy Malcolm shares his advice for planning the perfect baseball road trip Maps and Driving Tools Easy to use maps along with mileages driving times and directions with full color photos throughout Helpful resources on COVID 19 Planning Tips Where to stay when and where to get gas how to avoid traffic and tips for driving in different road and weather conditions plus suggestions for seniors families with kids and more With Moon Baseball Road Trips practical tips local expertise and flexible itineraries you re ready to step up to the plate and hit the road About Moon Travel Guides Moon was founded in 1973 to empower independent active and conscious travel We prioritize local businesses outdoor recreation and traveling strategically and sustainably Moon Travel Guides are written by local expert authors with great stories to tell and they can t wait to share their favorite places with you For more inspiration follow moonguides on social media     **Watching TV** Harry Castleman,Walter J. **Captive Audience** Susan P. Crawford, 2013-01-08 Ten years ago the United States stood at the forefront of the Internet revolution With some of the fastest speeds and lowest prices in the world for high speed Internet access the nation was poised to be the global leader in the new knowledge based economy Today that global competitive advantage has all but vanished because of a series of government decisions and resulting monopolies that have allowed dozens of countries

including Japan and South Korea to pass us in both speed and price of broadband This steady slide backward not only deprives consumers of vital services needed in a competitive employment and business market it also threatens the economic future of the nation This important book by leading telecommunications policy expert Susan Crawford explores why Americans are now paying much more but getting much less when it comes to high speed Internet access Using the 2011 merger between Comcast and NBC Universal as a lens Crawford examines how we have created the biggest monopoly since the breakup of Standard Oil a century ago In the clearest terms this book explores how telecommunications monopolies have affected the daily lives of consumers and America's global economic standing
