The British Journal of Photography ,1981 **Through the Looking Glass** Gerry Badger,1989 Cumulative Bibliography of Victorian Studies ,1970 **English Mechanic and Mirror of Science and Art** ,1870 **New York Magazine** ,1979-02-12 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Ceramic Review* ,2001 **ABM** ,1983 Abstracts of journal articles books essays exhibition catalogs dissertations and exhibition reviews The scope of ARTbibliographies Modern extends from artists and movements beginning with Impressionism in the late 19th century up to the most recent works and trends in the late 20th century Photography is covered from its invention in 1839 to the present A particular emphasis is placed upon adding new and lesser known artists and on the coverage of foreign language literature Approximately 13 000 new entries are added each year Published with title LOMA from 1969 1971 **Books In Print 2004-2005** Ed Bowker Staff,Staff Bowker, Ed,2004 *Ilse Bing* Larisa Dryansky,2006-07-18 Publisher Description **Vaughan Grylls** Vaughan Grylls,John Carlin,Elvehjem Museum of Art,1985

Through the Looking Glass Elizabeth Layton,Don Lambert,Lynn Bretz,Suzanne Burdick,1984 **Through the Looking Glass** Alice Grebanier,2016-05-21 I re read Lewis Carroll s books and imagined myself looking out through that other Alice s eyes at the fantastical worlds of Wonderland and Through the Looking Glass Then I started making my own photographic images to reflect the emotions I experienced while reading the books The outcome is a set of pictures that both reinterpret a classic text and explore my own sense of curiosity bewilderment and wonder **Seeing Through a Looking Glass Lens** Kenneth Bleyer,2024-05-15 **Through the Looking Glass** Calum Stamper,2019-05-02 Through the Looking GlassBy Calum StamperThese visual explorations interrogate the surveillance state of social media and address the relationship of visual language The exploration questions the effects of the visual imagery itself a photograph being corrupted or lost to the decay of over processing This inquiry focuses on the replacement of context when the data in the visual language has decayed beyond basic translation and is forced to use text or semiotics such as emojis as an example to compensate for the lack of contextualisation Although the text semiotics do not translate the original context of the visual language presented to the audience rather it creates a new depiction of the context I decided to investigate the relationship of presentation in visual language as the question of information being streamed to social media users news feeds are not being regulated and policed by social media firms effectively Part of this reasoning behind this is due to the algorithms feeding information to an observer without interrogating the content itself Although the issue of this argument is that algorithms cannot understand the difference between informing a viewer and harming one as it has no context of what data is seen as harmful to a person This

response I have created to the current debates arguments in the issues of the internet and is a critique of this shared space By using the methodology of over processing data bending the photographs have been treated through six different photo editing apps as a unique form of interrogation to expand the conversations being conveyed Instagram
