## Thy Will Be Done Craig Courtney:

**Catalogue of Choral Music Arranged in Biblical Order** James H. Laster, 1996-06-11 This second edition of Laster's Catalog combines in one volume the listings from the first catalog with the voluminous material that has appeared since 1973 more than doubling the number of citations. It is designed as an aid for the church musician and/or pastor seeking to plan unified worship services. It will also be of use to those church musicians who follow the Liturgical Calendar and plan music appropriate to the appointed lessons as well as a source for non church choir directors who would like to locate choral settings based on a particular passage from Scripture. Entries are arranged from Genesis through Revelation. Each main entry citation provides the biblical reference book chapter and verse as well as a reference to additional passages from Scripture used in the anthem. The composer arranger or editor and the title are listed as they appear on the octavo. Information on voicing solos and instrumental accompaniment is noted, the name of the publisher, the most recent date of publication and the octavo number appear at the end of each citation where information on instrumental parts, other versions of the same title and collections where the work might appear are also listed. Composer and title indexes round off the work.

**Pastoral Music**, 1996    **The American Organist**, 2004    Historical Dictionary of Choral Music Melvin P. Unger, 2023-08-14 A Library Journal Starred Review March 2024 praises the book as a remarkable resource that will please both musical professionals and amateurs along with teachers and their students and conductors and singers. Throughout the ages people have wanted to sing in a communal context. This desire apparently stems from a deeply rooted human instinct. Consequently, choral performance historically has often been related to human rituals and ceremonies especially rites of a religious nature. Historical Dictionary of Choral Music Second Edition contains a chronology, an introduction and an extensive bibliography. The dictionary section has more than 1 300 cross referenced entries on composers, conductors, choral ensembles, choral genres and choral repertoire. This book is an excellent resource for students, researchers and anyone wanting to know more about choral music.

**Sacred Choral Music in Print** Susan H. Simon, 1988 Arranger index c1987 provides an additional means of access by the name of the arranger or editor. 1988 supplement contains the sacred choral entries included in the 1986 Music in print annual supplement as well as new music published since 1985. 1992 supplement contains listings of music published since 1987 as well as earlier material of publishers not previously in the series. 1996 supplement contains listings of music published since 1991 as well as earlier material not previously in the series.
