Sandra J. Keiser,Deborah A. Vandermar,Myrna B. Garner,2022-01-01 The Synergy of Apparel Product Development Fifth Edition maps the processes required to bring apparel products from concept to consumer This full color text takes students step by step through the decision making involved in the pre production processes of apparel product development including business creative technical and production planning Updated chapter content reflects evolving industry practice It demonstrates how these processes must be coordinated to get the right product to market when consumers want it and at a price they are willing to pay in an increasingly digital environment The text seeks to address how functional approaches vary depending on a business s size and fashion focus More global in scope the fifth edition includes examples and case studies of multi national companies and incorporates global nomenclature when it differs from the US industry This new edition also advances its discussion of how new technologies continue to shorten the product development calendar The book is written to help students anticipate the chaotic pace of change not only in fashion trends but also in the fashion system itself
