How to Pay Your Mortgage Off in 10 Years Serina Bird, 2023-07-25 Would you like to pay your mortgage off faster and have more money to enjoy your life? The average Australian mortgage is \$601,797 over 30 years. Not only is this large, more than half a million dollars, but it's grown 36% over the past five years. This is daunting. For many people, it can feel like paying it off is impossible. But here's the good news: it is entirely possible to ditch your mortgage in ten years, and this book shows you how. In *How to Pay Your Mortgage Off in 10 Years*, bestselling finance author, money coach, and podcaster Serina Bird presents practical strategies, calculates the savings, and shares the steps she has used and anyone can use to become mortgage-free. In this life-changing book, you'll learn how to hit your mortgage hard and early, negotiate a lower interest rate, use micro-habits to make repayments faster, cut down your spending with frugalista shopping habits, use your home to generate an income stream, keep motivated when the going gets tough. Not only that, but you'll also read about people who are actively smashing their mortgage and achieving their dream goals, showing you just how achievable it is.

Keeping Finance Personal Ellyce Fulmore, 2024-01-23 A clear, approachable guide to help readers untangle their relationship with money, understand the systems and inequities that impact them, and reclaim financial independence. Edgar Villanueva, bestselling author of *Decolonizing Wealth: An intersectional approach to personal finance from queer neurodivergent personal finance educator and TikToker Ellyce Fulmore*. There's no magic formula for being good with money. The perfect budgeting spreadsheet or debt repayment plan will never address the root of your money issues. When Ellyce Fulmore started her journey with personal finance, she was drowning in \$35K of debt, had 60 to her name, and avoided looking at her bank account. Her own aha moment came when she realized that the reason she and so many others have struggled with finances has little to do with being bad with money. Instead, it has everything to do with how identity and lived experience affect financial behaviors. Now, in *Keeping Finance Personal*, Ellyce offers a shame-free, trauma-aware approach that explores the complex, nuanced, and deeply personal relationship between your identity and your money. With chapters exploring topics such as finding safe spaces, personal values, relationship dynamics, family systems, and culture, it's clear this is not your typical finance book. Readers will engage with how their upbringing, sense of self, trauma, and mental health impact their decisions and begin a journey to change their relationship with money. This book is for the woman facing sexism at her local bank, the neurodivergent person struggling with impulse spending, the young adult questioning societal expectations, the 2SLGBTQIA+ couple searching for a place to rent, all the people that don't fit into the mold that traditional finance advice is aimed at. Filled with interviews from a diverse range of voices, practical exercises, and tangible tips, *Keeping Finance Personal* provides a path to develop a healthy money mindset and create a life where financial stability and joy coexist.
