The Privatisation of Knowledge Massimo Florio, 2023-09-14 This book deals with the emergence of intellectual monopolies It explores different ways of producing knowledge thus showing alternatives to the current dominant paradigm which is based on turning knowledge produced collectively into intangible assets owned by a few leading corporations It discusses a paradox knowledge creation by government sponsored research infrastructures RI or by non profit institutions including universities is increasingly appearing in the form of open science ideas and data are widely available in the public domain However such knowledge is privatised downstream by new oligopolies These oligopolies such as the Tech Giants are protected by legislation on intellectual property rights that restricts further access to knowledge This process contributes to increasing social inequality The book suggests alternative policy options to counteract this process the design of new players with a public mission and a coalition of governments as patient investors for the long term benefit not just of the citizens of one jurisdiction but for creating global public goods Proposals are presented for launching European R D infrastructures related to three major long term challenges health risks climate change and Big Data governance These knowledge intensive enterprises should offer innovation as a public good for example in new biomedical fields underinvested by private firms disruptive green technologies digital platforms based on transparent users ownership of data Offering a balanced combination of theories and practical applications including interesting case studies the book will appeal to students scholars and researchers of public economics and governance It will also find an audience among policymakers practitioners and government officials

How to Save the Internet Nick Clegg, 2025-09-04 A wake up call we cannot afford to ignore TONY BLAIR A vital read for anyone building or regulating the next era of technology REID HOFFMAN The global open internet is fragmenting As democracies seek to rein in the power of Big Tech as Silicon Valley pivots to an America first agenda as authoritarian regimes such as China and Russia segregate their populations from the rest of the internet the most powerful tool ever created for bringing the world together risks being dismantled Taking us behind the scenes at Meta and his interactions with world leaders Nick Clegg Meta s former President Global Affairs sets out where Big Tech has gone wrong how Silicon Valley s insularity has blinded it to its missteps and the radical reforms of the global platforms that are now needed if they are to secure a long term future But he also makes the

case that many of the charges against them including that their algorithms polarise manipulate and harm are vastly overstated or simply untrue And while new laws that regulate these corporations are essential imposing national borders on the internet cannot be the answer That will fatally undermine its capacity for knowledge sharing collaboration education trade medical and scientific research and ultimately for the improvement and empowerment of billions of lives Radical reasonable deeply felt and disarmingly honest How To Save the Internet sets out a blueprint for the global cooperation we need in order to reform Big Tech while preserving the fundamental openness of the internet on which our future so depends A gripping and timely book Nick Clegg writes with clarity authority and urgency PETER FRANKOPAN *Body, Capital and Screens* Christian Bonah, Anja Laukötter, 2025-10-01 *Body Capital and Screens* Visual Media and the Healthy Self in the 20th Century brings together new research from leading scholars from Europe and North America working at the intersection of film and media studies and social and cultural history of the body The volume focuses on visual media in the twentieth century in Europe and the U S that informed and educated people about life and health as well as practices improving them Through a series of in depth case studies the contributors to this volume investigate the relationships between film television private and public actors of the health sector and economic developments The book explores the performative and interactive power of these visual media on individual health understandings perceptions and practices *Body Capital and Screens* aims to better understand how bodily health has evolved as a form of capital throughout the century **Stay Curious and Keep Exploring** Emily Calandrelli, 2022-09-27 From the host of Netflix's Emily's Wonder Lab and FOX's Xploration Outer Space comes a book featuring 50 experiments that introduce the wonders of science to the whole family MIT engineer Emily Calandrelli shares the science behind each experiment while showing you where to find STEAM concepts in the world around you You'll learn how to think like a scientist with Make a Hypothesis and Try This prompts where you can experiment within the experiment With Calandrelli's expert guidance illustrations throughout and easy to find grocery items you can make An alien hovercraft to learn how an air hockey table works Glow in the dark paint to learn about ultraviolet light Delicious ice cream to learn about supercooling Oobleck to learn why ketchup is so hard to get out of the bottle With chapters like Magic Tricks Kitchen Science and Fun with Physics this book is packed with experiments that will delight little scientists and their lab assistants Grab your goggles and a family member to get started on a journey to spark curiosity critical thinking and fun family times Many More of Janice VanCleave's Wild, Wacky, and Weird Physics Experiments Janice VanCleave, 2017-12-15 In a series of fun and involving hands on physics experiments kids learn how to create and operate first second and third class levers demonstrate apparent weightlessness and determine an object's precise center of gravity and balancing point They will also demonstrate how a rocket moves how the length of a flute affects pitch and how to create sound through vibration Featuring color illustrations and safe simple step by step instructions Janice VanCleave shows just how much fun science can be **Stay Curious and Keep Exploring: Next Level** Emily Calandrelli, 2024-03-05 1 New York
