Graham was just trying to make her father happy. She didn't know what his obsession with the Lanning family was, but she would go with him to visit the Lannings to appease him. The last thing she expected to find there was a mate and it seemed her father knew all along. Graham was beyond pissed; she was set up. Rider just wanted her to go away before he could claim her. It had been foretold that when he found his mate, the one hunting them would find them and many of the Lanning family could die as a result. He didn't want to lose anyone, especially his mate. He would die himself before he let that happen. Their nemesis Sonya's reach was long, even from the grave. But even her death won't stop what's coming. She started the wheels of fate turning centuries ago and they're picking up speed. Can all the Lannings come together to stop it before it's too late? Find out in the conclusion to the Lanning's Leap Series. *Rider* **Reign of Wolves** Amelia Shaw, A warlock, a witch, and two wolf shifters walk into the woods. Sounds like a lame joke. But it's not. It's my life. My beta wolf and I found our fated mate and once we got over the shock of the fact she was a witch, then we had to get over the fact we had to share her. That shock was nothing compared to finding out the heir to the high warlock wanted her as his wife and they have a history. How are three men, natural enemies in the paranormal world, meant to share just one woman? Especially when there is darkness around us, a high warlock set on gaining an unnatural amount of power, and there's still the curse to break. We want to save our pack, but first we're going to have to save ourselves. Fans of Jaymin Eve and Linsey Hall will ravage this steamy, why-choose romance. This is the SECOND book of the series and ends with a set up for book three. This series is best read in order. **Back from the Future** Judy Angelo, 2017-02-14

She's pretty good at what she does, but here's the problem: her co-scientist, the lead physicist on this project, Carter Kincaid. How dare he be so disarmingly handsome that he keeps distracting her and making her mess up. When that distraction makes her throw them back into the time of the pirates, it is then that she realizes that he's just too much, definitely bad for her business. She will have to find a way to end this rocky professional relationship and the sooner, the better. Carter Kincaid has always found working with feisty little Miss Megan Hailey a serious challenge. It's bad enough that she's a cute one, a co-worker he must keep at a distance, especially because of the effect she's having on him. On top of that, though, she's not the easiest person to lead; rebel that she is, she's always quick to

challenge his instructions But then she makes a monumental mistake she throws them five hundred years into the past without the tools to get them back to the present As the pirates of the past put their lives in peril Carter must decide on the depth of his love Would he willingly sacrifice himself to save the life of the woman he secretly loves Before he knows it the question is put to the test Which is more important your life or your love It is now time to find out Starlight Child Nancy J.
