Commerce 2018 Efraim Turban,Jon Outland,David King,Jae Kyu Lee,Ting-Peng Liang,Deborrah C. Turban,2017-10-12 This new Edition of Electronic Commerce is a complete update of the leading graduate level advanced undergraduate level textbook on the subject Electronic commerce EC describes the manner in which transactions take place over electronic networks mostly the Internet It is the process of electronically buying and selling goods services and information Certain EC applications such as buying and selling stocks and airline tickets online are reaching maturity some even exceeding non Internet trades However EC is not just about buying and selling it also is about electronically communicating collaborating and discovering information It is about e learning e government social networks and much more EC is having an impact on a significant portion of the world affecting businesses professions trade and of course people The most important developments in EC since 2014 are the continuous phenomenal growth of social networks especially Facebook LinkedIn and Instagram and the trend toward conducting EC with mobile devices Other major developments are the expansion of EC globally especially in China where you can find the world s largest EC company Much attention is lately being given to smart commerce and the use of AI based analytics and big data to enhance the field Finally some emerging EC business models are changing industries e g the shared economy models of Uber and Airbnb The 2018 9th edition brings forth the latest trends in e commerce including smart commerce social commerce social collaboration shared economy innovations and mobility The

Art of Compassionate Business Bruno R. Cignacco,2023-12-01 There are several well ingrained assumptions regarding the dynamics of work and business activities which can be refuted Some examples of these widespread assumptions in business and work environments are employees being viewed as commodities competitors perceived as threats companies resources seen as limited and customers perceived as scarce and difficult All this leads to the question Is there a way to perform business activities more humanely The second edition of this book challenges the reader to change the way they perform in business situations and become more focused on the human aspects of business activities The users of this knowledge and those affected by them will undergo a profound transformation in the way they perform business activities They will benefit from gradually testing and implementing the guidelines conveyed in this book both in the business environment and in the

workplace When readers put these principles into practice positive ripple effects are bound to affect other stakeholders of the organisation they work for or own The author has refreshed all the concepts and examples introduced in the first edition which include aspects related to mission and vision passion business mindset organisational learning improvement of business conversations use of constructive criticism and betterment of relationships with the most relevant stakeholders customers suppliers intermediaries community employees etc The author also includes a discussion of creativity and the innovation process as well as other relevant aspects related to a healthy business environment and provides various real life examples of companies which have adopted a loving attitude towards their stakeholders which has become so important in the current business environment
