**Disruptive Platforms** Tymoteusz Doligalski, Michał

Goliński, Krzysztof Kozłowski, 2021-12-19 It has taken platforms only twenty years to become digital economy hubs. They have changed markets, enterprises and society. They have expedited communication, collaboration and trade for consumers, winning their attention and collecting their data. In doing so, they have made processes, products and industries obsolete and disrupted the expectations and behaviours of market players. This raises the question: are digital platforms global innovators or disruptive monopolists? Are they a solution to problems of the past or emissaries of a problematic future? This book provides a multi-faceted approach to platforms and their profound impact on markets and ecosystems. Economic, managerial, social and political aspects are analysed and the differentiation of platforms and their disruptive potential is reviewed. The book also examines the mechanism of achieving a monopolistic position, including in the international supply chain and the greater influence of platforms on political activity and contemporary democracy. With examples from Poland, USA and China, the contributions offer an international evaluation of disruptive platforms across a multitude of industries. The edited collection, prepared by scholars from the SGH Warsaw School of Economics, will be valuable to researchers and academics across the fields of strategic management, marketing, innovations, international business and the digital economy.

**Stoned, Shamed,**

**Depressed** Jyotsna Mohan Bhargava, 2020-09-03 In *Stoned, Shamed, Depressed*, journalist Jyotsna Mohan Bhargava

investigates the secret lives of India's urban teens and comes up with an eye-opening account of struggles with addiction to substances, social media and gaming, dealing with intense peer pressure, bullying and body shaming, and the resultant physical and mental health issues. This book chronicles the confused journey of Indian teens to adulthood along a road that is full of temptation, where boundaries are easily blurred and where the lure of easy adventure often in the virtual world can unleash events that have repercussions for years to come. The narrative interweaves accounts of teens, parents, teachers and child psychologists to reveal a deeply disturbing picture of modern day school life in urban India.
