*The Chaos Machine* Max Fisher, 2022-09-06 *Finalist for the Helen Bernstein Book Award for Excellence in Journalism* From a New York Times investigative reporter, this authoritative and devastating account of the impacts of social media. New York Times Book Review tracks the high-stakes inside story of how Big Tech's breakneck race to drive engagement and profits at all costs fractured the world. *The Chaos Machine* is an essential book for our times. Ezra Klein: We all have a vague sense that social media is bad for our minds, for our children, and for our democracies. But the truth is that its reach and impact run far deeper than we have understood. Building on years of international reporting, Max Fisher tells the gripping and galling inside story of how Facebook, Twitter, YouTube, and other social networks preyed on psychological frailties to create the algorithms that drive everyday users to extreme opinions and increasingly extreme actions. As Fisher demonstrates, the companies' founding tenets combined with a blinkered focus on maximizing engagement have led to a destabilized world for everyone. Traversing the planet, Fisher tracks the ubiquity of hate speech and its spillover into violence that first festered

in far off locales to their dark culmination in America during the pandemic the 2020 election and the Capitol Insurrection Through it all the social media giants refused to intervene in any meaningful way claiming to champion free speech when in fact what they most prized were limitless profits The result as Fisher shows is a cultural shift toward a world in which people are polarized not by beliefs based on facts but by misinformation outrage and fear His narrative is about more than the villains however Fisher also weaves together the stories of the heroic outsiders and Silicon Valley defectors who raised the alarm and revealed what was happening behind the closed doors of Big Tech Both panoramic and intimate The Chaos Machine is the definitive account of the meteoric rise and troubled legacy of the tech titans as well as a rousing and hopeful call to arrest the havoc wreaked on our minds and our world before it's too late *Artificial Intelligence and Human Rights, Democracy, and the Rule of Law* Pushan Kumar Dutta, Bhupinder Singh, Vishal Jain, Christian Kaunert, Komal Vig, 2025-12-22
