## Soros On Soros:

**Soros on Soros** George Soros, 1995-08-18 George Soros Ends the Speculation The outcome of this book is a summing up of my life s work As I finish the book I feel I have succeeded George Soros from the Preface Critical praise for Soros on Soros If you have ever wanted to sit down for a candid conversation with a phenomenal financial success George Soros s book provides the opportunity You will meet a complex man and a first rate mind Henry A Kissinger The best expert on Soros is undoubtedly George Soros After all who is better equipped to tell us what he really thinks and how he thinks a matter of some importance given the fact that he has translated a remarkable personal financial success into a truly generous and historically significant effort to promote postcommunist democracy Zbigniew Brzezinski The best X ray of the mind of the master yet Barton M Biggs George Soros brings a lot more to the world of finance than the intuition and nerve of a born trader and in Soros on Soros he s no longer bashful about telling us about it A philosopher at heart George attributes his success at investing to a theory of the interaction of reality and human perception What really drives the man now with a personal fortune beyond all personal need is a different kind of strategic investing investment to build in Eastern Europe the kind of open societies he came to value in his own life Paul A Volcker Financial guru George Soros is one of the most colorful and intriguing figures in the financial world today Now in Soros on Soros readers are given their most intimate and revealing look yet into the life and mind of the one BusinessWeek dubbed The Man Who Moves Markets Soros on Soros interweaves financial theory and personal reminiscence political analysis and moral reflection to offer a compelling portrait of the world and its markets according to Soros In an interview style narrative with Byron Wien Managing Director at Morgan Stanley and with German journalist Krisztina Koenen Soros vividly describes the genesis of his brilliant financial career and shares his views on investing and global finance politics and the emerging world order and the responsibility of power Speaking with remarkable candor he traces his progress from Holocaust survivor to philosophy student unsuccessful tobacco salesman to the world s most powerful and profitable trader and introduces us to the people and events that helped shape his character and his often controversial views In describing the investment theories and financial strategies that have made him a superstar among money managers The New York Times Soros tells the fascinating story of the phenomenally successful Soros Fund Management and its 12 billion flagship Quantum Fund He also offers fresh insights into some of his most sensational wins and losses including a firsthand account of the 1 billion he made going up against the British pound and the fortune he lost speculating on the yen Plus Soros s take on the devaluation of the peso and currency fluctuations internationally He tells of the personal and professional crises that more than once threatened to destroy him and of the personal resources he drew upon to turn defeat into resounding victory And he explains his motivations for establishing the Soros Foundation and the Open Society Institute through which he worked to build open societies in postcommunist countries in Eastern Europe and the former Soviet Union Finally turning his attention to international politics Soros offers

keen insights into the current state of affairs in Russia and the former communist bloc countries and analyzes the reasons behind and likely consequences of the West's failure to properly integrate them into the free world. He also explores the crisis of the ERM and analyzes the pros and cons of investing in a number of emerging markets. Find out what makes one of the greatest financial wizards of this or any age tick. *Soros on Soros* is a must read for anyone interested in world finance and international policy. **George Soros On Globalization** George Soros, 2005-03-16 Never before have we stood to gain or lose as much from understanding the international economy. Scandals plague the world's largest corporations, the American trade deficit has soared to historic heights and international organizations from the World Bank to the WTO are accused of being inefficient and corrupt. Is our global economy as unhealthy and as unjust as we think? And what can be done about it? At this critical juncture George Soros, a major proponent of globalization, takes to task the many institutions that have failed to keep pace with our global economy. At the same time he offers a compelling new paradigm to bring the institutions and the economy back into necessary alignment. Economics are amoral he argues, but neither our society nor our economy can afford to function without a distinct system of right and wrong. As we look toward the future and wonder what's ailing our economy, where our jobs are going and whether the power of economics can be harnessed for positive changes, this thoroughly updated edition of *George Soros on Globalization* is a report no citizen of the world can do without. **Soros** Michael T.

Kaufman, 2010-09-29 A penniless migr who made a fortune and became one of the great philanthropists of the twentieth century. George Soros has led a remarkable life. This biography brings forth his story in unprecedented depth from his childhood as a Jew in occupied Budapest during World War II to his conquests on Wall Street and the establishment of his philanthropic Open Society foundations. Soros offers exclusive glimpses at an often misunderstood man, revealing a shy character whose own struggle to escape the Nazis left him with the adamant belief that people of the world are entitled to live without the fear of oppression. Enigmatic, contradictory and inspiring, George Soros is one of the most intriguing and globally influential men of our time. In this accomplished biography written with Soros's cooperation, Michael T. Kaufman fully illuminates the man, his motivations and his legacy. **The Age of Fallibility** George Soros, 2006 Legendary financier and founder of the Open Society Institute, George Soros offers crucial insight into the real meaning of freedom and how societies can best promote it. In powerful essays he spells out how his views differ from President George Bush's. **The Bubble Of American Supremacy** George Soros, 2004-10-13 Long known as the world's only private citizen with a foreign policy, George Soros combines his razor sharp sense of economic trends with his passionate advocacy for open societies and decency in world politics to come up with a workable and severely critical analysis of the Bush administration's overreaching militaristic foreign policy. Soros believes that this administration's plans abroad come from the same sort of bubble psychology that afflicted our markets in the late 1990s. They have used a real fact our overwhelming military supremacy to create a deluded worldview that might makes right and that you're either with us or against us in the same way that the recent boom used a

real fact the growth in technology to lead to a delusion the new economy Like the best of the books that have responded quickly to world events The Bubble of American Supremacy has a clear intriguing comprehensive thesis that makes necessary and compelling order of our seemingly disordered world George Soros Peter L. W. Osnos,2022-03-08 A compelling new picture of one of the most important complex and misunderstood figures of our time The name George Soros is recognized around the world Universally known for his decades of philanthropy progressive politics and investment success he is equally well known as the nemesis of the far right the target of sustained attacks from nationalists populists authoritarian regimes and anti Semites because of his commitment to open society freedom of the press and liberal democracy At age 91 Soros still looms large on the global stage and yet the man himself is surprisingly little understood Asking people to describe Soros is likely to elicit different and seemingly contradictory answers Who is George Soros really And why does this question matter Biographers have attempted to tell the story of George Soros but no single account of his life can capture his extraordinary multifaceted character Now in this ambitious and revealing new book Soros's longtime publisher Peter L W Osnos has assembled an intriguing set of contributors from a variety of different perspectives public intellectuals Eva Hoffman Michael Ignatieff journalists Sebastian Mallaby Orville Schell scholars Leon Botstein Ivan Krastev and nonprofit leaders Gara LaMarche Darren Walker to paint a full picture of the man beyond the media portrayals Some have worked closely with Soros while others have wrestled with issues and quandaries similar to his in their own endeavors Their collective expertise shines a new light on Soros's activities and passions and to the extent possible the motivation for them and the outcomes that resulted Through this kaleidoscope of viewpoints emerges a vivid and compelling portrait of this remarkable man's unique and consequential impact It has truly been a life in full **My Philanthropy** George Soros,2012-08-14 George Soros is one of the world's leading philanthropists Over the past 30 years he has provided more than 7 billion to his network of foundations known collectively as the Open Society Institute for projects around the world and in the United States In this e book Soros writes in detail for the first time about his vision for philanthropy I have always been leery of philanthropy he writes Philanthropy is supposed to be devoted to the benefit of others but many philanthropists are primarily concerned with their own benefit Soros engages in philanthropy not out of a desire for praise or to impose his vision upon the world but out of a strong sense of moral duty My success in the financial markets has given me a greater degree of independence than most other people enjoy This allows me to take a stand on controversial issues In fact my exceptional position obliges me to do so Soros is celebrated for his brilliant financial and economic insights and his investment strategies But his contribution to philanthropy and the impact of his generosity is equally impressive This text reveals the thinking and practice that drives a lesser known aspect of this remarkable man's life his goals for society and his philosophy *In Defense of Open Society* George Soros,2019-10-22 An impassioned defense of open society academic and media freedom and human rights George Soros universally known for his philanthropy progressive politics and investment

success has been under sustained attack from the far right nationalists and anti Semites in the United States and around the world because of his commitment to open society and liberal democracy In this brilliant and spirited book Soros brings together a vital collection of his writings some never previously published They deal with a wide range of important and timely topics the dangers that the instruments of control produced by artificial intelligence and machine learning pose to open societies what Soros calls his political philanthropy his founding of the Central European University one of the world's foremost defender of academic freedom his philosophy his boom bust theory of financial markets and its policy implications and what he calls the tragedy of the European Union Soros's forceful affirmation of freedom democracy the rule of law human rights social justice and social responsibility as a universal idea is a clarion call to arms for the ideals of open society

*The Philanthropy of George Soros* Chuck Sudetic, 2011-05-10 With an Introduction by George Soros and an Afterword by Aryeh Neier George Soros is one of the world's leading philanthropists Over the past thirty years he has provided more than 8 billion to his worldwide network of foundations the Open Society Foundations which have applied the concept of the open society the cornerstone of Soros's thinking on democracy freedom and human rights in the United States and abroad This book written by former New York Times journalist Chuck Sudetic marks the first exploration of George Soros's innovative philanthropic strategies and unmatched commitment to building open societies in places where dictatorship and violent repression have been the rule for too long Soros is widely lauded for his brilliant financial and economic insights and investment strategies But his philosophy driven philanthropy and its impact are unprecedented for a private individual and have produced remarkable results Soros's visionary efforts include helping to topple communism in eastern Europe and the Soviet Union and attempting to foster civil society in China initiating and nurturing global and local organizations fighting to overcome the driver of war repression and corruption in oil and blood diamond states helping Sarajevo's people endure three years of siege during the Bosnian War fighting resistant strains of TB in Russia's jails and Lesotho's mountains before the disease can devastate the world's great cities undertaking the first attempt in history to help Europe's most downtrodden people lift themselves from poverty and segregation supporting democratic resistance in Burma and building communities in Haiti's roughest slums applying new methods for fighting poverty and drug addiction and reforming dysfunctional justice systems in Baltimore New Orleans and other U S cities The Philanthropy of George Soros reveals the thought and practice behind a lesser known dimension of this remarkable man's life his goals for society and his underlying vision for the future

*Open Society* George Soros, 2000 George Soros is a legend in the world of finance His Quantum Fund has been the best performing investment fund in history and his foundations have helped reshape the post Cold War world In this thoroughly revised version of his international bestseller George Soros reconsiders his analysis in the light of recent economic events We need to improve our international arrangements to match our increasing economic interdependence Soros proposes that the open societies of the world should form an alliance for the dual purpose of fostering the development of open society within

individual countries and to lay the groundwork for a global open society by strengthening international institutions and rules of behaviour Whilst the hardback edition emphasised the financial side of the system the paperback adds more weight to its political aspects Offering brilliant solutions based on years of Soros s own experience as a financier and philanthropist THE CRISIS OF GLOBAL CAPITALISM is essential reading for anyone involved with the new economy that is all of us **Buying a Better World** Anna Porter,2015-02-21 George Soros is a billionaire and a philanthropist a social activist who uses his wealth to champion social causes and change the world With access to Soros and his Open Society Foundations Anna Porter examines the growth of the man and the organization the causes he has championed and his successes and failures **Open Society** George Soros,2006-05-01 Membaca judul buku ini dengan pengarang George Soros sosok kontroversial who broke Bank of England 1992 sudah tentu menimbulkan pertanyaan atau keheranan Buku dengan judul semacam itu pantasnya dikenal oleh Andre Gunder Frank Immanuel Wallerstein Samir Amin Giovani Arrighi atau Johan Galtung para pemikir Neo Marxis dan aliran radikal Sulit dipahami bahwa Soros seolah bertobat dan mengatakan bahwa ekonomi dunia dalam bentuk Kapitalisme Namanya mulai dikenal di Indonesia ketika dia ditengarai sebagai sosok pelaku pasar uang yang memporakporandakan ekonomi negara negara Asia dalam krisis moneter 1997 1999 Bab 8 secara khusus menarik karena di sana ditulis pertanggungjawaban Soros akan apa yang diperbuatnya dalam krisis moneter 1998 terhadap Indonesia

Soros: The Life, Ideas, and Impact of the World's Most Influential Investor Robert Slater,2009-01-18 A penniless survivor of the Nazi occupation of Hungary George Soros is now one of the richest men in the world and Robert Slater does an excellent job of helping us understand how Soros did it Slater distinguishes Soros from other great investors by explaining his mental processes He explains how Soros views markets as chaotic not efficient and very prone to boom bust sequences Slater has written a fascinating volume Barron s The highly acclaimed bestseller updated to reveal Soros role in our new economic and political era As a financial genius global philanthropist political activist man of conscience and the world s only investor with his own foreign policy it cannot be denied that Soros is an enigmatic man of enormous influence For more than four decades he has been so successful that he has been accused of directing the course of global markets and shaping the destinies of nations Now in this exhaustively updated and expanded edition of his 1996 bestseller biographer Robert Slater separates fact from fiction to get at the truth about the mysterious figure of George Soros Working from extensive interviews with Soros and those closest to him Slater combines compelling biographical detail with scrupulous analysis to Detail how Soros made his billions as a global currency trader and stock operator Chronicle his role in bringing down communism and establishing open societies to Eastern Europe and the former USSR Demystify Soros s macroeconomic approach to investing and his oft misunderstood theory of reflexivity Explore his fanatical obsession with unseating George W Bush in 2004 and his growing involvement with left wing political activist groups Reveal George Soros s strategies for surviving and thriving in the chaos of today s credit markets The Soros Lectures George Soros,2010-02-09 Five lectures George Soros recently

delivered at the Central European University in Budapest which he founded in 1991 distill a lifetime of thinking on finance capitalism and open society In a series of lectures delivered at the Central European University in October 2009 George Soros provided a broad overview of his thoughts on economics and politics The lectures are the culmination of a lifetime of practical and philosophical reflection In the first and second lecture Soros discusses his general theory of reflexivity and its application to financial markets providing insight into the recent financial crisis The third and fourth lectures examine the concept of open society which has guided Soros global philanthropy as well as the potential for conflict between capitalism and open society The closing lecture focuses on the way ahead closely examining the increasingly important economic and political role that China will play in the future The Budapest Lectures presents these five seminal talks into one volume which offers a condensed and highly readable summary of Soros world view

**The Bubble of American Supremacy** George Soros,2004    The Influence of Soros Emily Tamkin,2020-07-07 A seasoned journalist probes one of the right wing s favorite targets Hungarian American investor and philanthropist George Soros to explore the genesis of his influence and the truth of the conspiracies that surround him For years hedge fund tycoon George Soros has been demonized by GOP politicians fringe outlets and right wing media personalities who claim Soros often manipulates the global economy and masterminds the radical left He has been accused of using his billions to foment violence support white genocide and pay migrants to seek asylum in the United States Right wing media personalities have described him as working to hijack our democracy and undermine sovereignty Left leaning outlets meanwhile have suggested that his philanthropy is a distraction from the economic misery he himself has made But who is George Soros How did he make his money What causes does he actually support How did this billionaire become the right s favorite target used by elected officials sympathetic to the idea that their country s opposition can be blamed on one man in the endless messaging war How much of the hatred is driven by rising antisemitism Though his name appears often in the media most people know little about Soros Weaving biography cultural commentary and investigative reporting Emily Tamkin brings into focus the man and his myth to examine how much influence he actually has on politics Is Soros simply a left wing version of the Koch brothers Or is he genuinely trying to make the world a better place The Influence of Soros offers an understanding of the man and his money his contributions and donations and his true sway over our politics elections and our societies Ultimately Tamkin asks can a truly open society exist if any one man can have the kind of power Soros wields    Underwriting Democracy George Soros,1991 During the 1970s George Soros the Hungarian born financier funded opposition movements under Communist regimes Here he recounts his efforts to further the cause of democracy in eastern Europe and calls for the Soviet economy to be restructured around a hard currency    The Alchemy of Finance George Soros,1994-05-19 Critical Praise The Alchemy joins Reminiscences of a Stock Operator as a timelessinstructional guide of the marketplace Paul Tudor Jones from the Foreword An extraordinary inside look into the decision makingprocess of the most successful money manager of our time Fantastic The Wall Street

Journal A breathtakingly brilliant book Soros is one of the core of masters who can actually begin to digest the astonishing complexity of the game of finance in recent years Esquire A seminal investment book it should be read underlined and thought about page by page concept by idea He is the best pure investor ever probably the finest analyst of the world in our time Barton M Biggs Morgan Stanley George Soros is unquestionably the most powerful and profitable investor in the world today Dubbed by Business Week as The Man Who Moves Markets Soros has made a billion dollars going up against the British pound Soros is not merely a man of finance but a thinker to reckon with as well Now in The Alchemy of Finance this extraordinary man reveals the investment strategies that have made him a superstar among money managers The New York Times

**Financial Turmoil in Europe and the United States** George Soros, 2012-01-24 The dire economic situation we find ourselves in is not a result of economic forces alone but of the policies pursued and not pursued by world leaders In this collection of his recent writings on the global financial situation George Soros presents his views and analysis of key economic policy choices leading up to during and following the financial crisis of 2008 2009 Soros explores domestic and international policy choices like how to manage the then potential implosion of Fannie Mae Freddie Mac deploying measures to stem global contagion from the sub prime crisis alternative options on bailing out lesser developed countries and why this was vital the structural problems of European economic management and more Financial Turmoil in Europe and the United States elegantly distills the choices at hand and takes the reader on a journey of real time economic policy work and experimentation

**The Crisis Of Global Capitalism** George Soros, 1998-12-11 The global economy on which the world now depends more than ever is in crisis The Russian economy has collapsed leading to punishing inflation and economic hardship Scores of Japanese banks are in ruin while the Japanese government muddles along the nation falling deeper and deeper into recession The once booming economies of Thailand Malaysia and Indonesia have imploded Brazil and the rest of Latin America has begun to edge toward the precipice and even in Europe and America the markets lurch violently wiping out gains with each passing week No one is better positioned to explain the current global financial crisis than George Soros the man Morgan Stanley head Barton Biggs calls the finest analyst of the world in our time In The Crisis of Global Capitalism Soros chairman of Soros Fund Management whose Quantum Fund is considered to have been the best performing investment fund in the world over the past thirty years dissects the current crisis and economic theory in general revealing how theoretical assumptions have combined with human behavior to lead to today's mess He shows how unquestioning faith in market forces blinds us to crucial instabilities and how those instabilities have chain reacted to cause the current crisis a crisis that has the potential to get much much worse Offering brilliant solutions to the global meltdown based on years of Soros's own experience as a financier and philanthropist this is essential reading for anyone involved with the new economy that is all of us
