How It Feels to Be Me Gerry Baird,2016-05-09 How It Feels to Be Me is a celebration of life and the human experience with all its ups and downs Accompanied by beautiful pictorial reminders of our common humanity the twenty five poems in this book are filled with echoes of kindness love and joy They offer a sense of stillness and balance connectedness and meaning As we make an effort to truly see the people around us their struggles their pain their fears and dreams we can cultivate within ourselves a desire to make a positive difference in the world one life at a time We can stop dividing people into classes the haves and the have nots the worthy and the unworthy the good and the bad the beautiful and the ordinary and simply love them exactly as they are

Childlike Simplicity Gerry Baird,2016-06-13 For most of my life I have felt the pull of two influences On one side there is the learning performing accomplishing influence that urges me to turn everything into a project and complete as much work as I possibly can On the other side there is a call to inner peace and stillness communing with nature building relationships creating experiences and embracing the moment I think there is a time and a place for both As I ve aged the need for rest has increased Not rest from a physical perspective although there is some of that but rest from a spiritual perspective a chance to let go and ponder and slow down That s what this book is about simplifying loving existing living in the present and seeing with new eyes It s easy to get caught up in the rat race but it takes a toll on our emotional health We are human beings not machines We need sleep and relaxation and comfort and peace While it would be nice if we could all take more frequent vacations that isn t the only way to recharge our batteries We can find increased joy and a sharpened sense of self by learning to create stillness in the midst of an everyday life from which we feel no need to escape We can align our desires and actions creating better long term outcomes And we can see ourselves as part of a greater whole The poems and pictures in these pages are meant to promote self reflection Many of the answers to the problems we face can be found by taking a moment here and a moment there to check in with ourselves to take inventory and change the things we dislike As we work to improve our inner world the world around us will begin to change as well We will feel more compassion for our fellow humans and have a desire to lift those around us We will be more kind more conscious more aware and more awake
