In *How to Create Your Own Luck* she reveals the eight traits of successful people who make their own luck rather than wait for it. Filled with engaging and instructive stories of real people who've turned serendipity into success, her book focuses on the eight counterintuitive traits that they all have in common, including talking to strangers, making small talk, dropping names and even eavesdropping. This handy real world guide reveals the practical ways that anyone can create their own luck, opening up new opportunities in every aspect of life. *Choices* Carol McManus, Alan Skidmore, 2017-10-19 [Second-Act Careers](#) Nancy Collamer, 2013-01-08 A career guide that rethinks the golden years, this handbook offers 50 income models for creating flexible, fulfilling and profitable work during the encore stage of one's career. **RETHINK YOUR RETIREMENT** For many people retirement is no longer a trifecta of golf, grandkids and gardening; it's an opportunity for new pursuits that involve both earning income and exploring personal passions. These second acts range from the traditional part-time employment consulting to newer Internet-based options, teaching online, writing a blog. With a prescriptive approach to securing second act careers that are flexible, fulfilling and fun, this book offers a wide variety of income generating examples as well as exercises to clarify your lifestyle goals and help you plan for your next move. *Second Act Careers* shows how to create a profitable and meaningful semi-retirement on your own terms and in your own way. **Not Just A Living** Mark Henricks, 2003-07-03 As people have come to yearn for more fulfilling and creative work, many are realizing their dreams by leaving the corporate life behind and creating businesses around the things they love.
