Sounding The Soul The Art Of Listening:

Sounding the Soul - The Art of Listening Mary Lynn Kittelson, What if we conceived of ourselves as auditory beings rather than visual ones Our attitude would shift and so would our availability to the world inside and out Centering in sound entails receptive interaction with the unconscious a participatory style of consciousness Rather than bringing light to unconscious energies it means being resonant to it being alive In this delightful phenomenological account Kittelson writes in lively pursuit of the language of hearing an ode to the persistent primacy of the ear It s right here she says just around the corner from our noses Kittelson s ear awareness finds side doors into the topic She lets us in on a secret as intriguing as Freud s footnote about the gradually diminishing sense of smell in human beings we have a lapsed instinct for interiority For turning inward for spiraling deep into the dark for following evocative reverberations to their source from the Foreword by Nor Hall Ph D

Healing with Art and Soul Kathy Luethje, 2009 This fascinating collection of essays contains a variety of perspectives about the use of expressive arts for facilitating physical and emotional healing Each author within brings a fresh approach and unique experiences to their writing Within these pages you will find many ideas for the use of the arts and can learn how to engage the inner layers of the self that allow natural healing processes of the body and soul to flourish When we fully engage an art modality we find ourselves in a place in our consciousness that could be called healingspace where we feel ourselves whole and re member ourselves as well From psychic trauma to physical illness dis ease of many kinds may be addressed through the various techniques discussed here The tools offered by some authors are population specific and age appropriate while several authors have given us the philosophical underpinnings for it all While the authors within represent the grassroots voices of this new and rapidly expanding field several of them have developed their own methods for using the arts and have thriving practices Our approach is wholistic Music visual arts movement dance and poetry are discussed as separate modalities and in combination with one another in a process or flow The reader will engage in our experiences with these modalities as they have been lived The complementary CD that accompanies this book will allows the listener to have a full sound experience of toning If a rationale is needed for establishing arts programs in medical centers or other health facilities it can be found here The book offers tools for self development and for group facilitation Those wanting to expand their healing practice through the use of the arts will find the book to be a faithful guide Anyone wishing for a fuller understanding of how the arts may work to facilitate healing will find much food for thought within these pages
