The Magic Finger Novel Study Roald Dahl, 2014 The Magic Finger Novel Study Roald Dahl 35 pages with and Answer Key. This novel study includes comprehension questions, two writing assignments, and a test. There is also a complete answer key for everything that is included. The comprehension questions are split up into five sections. The sections in the book are between 10 and 20 pages long. The test includes multiple choice questions and questions that ask for students to answer in complete sentences. I have also included worksheets if you would like to conduct a literature circle with your class while reading this novel. There are six different role worksheets that are specific to this novel. The roles I have included are discussion director, dictionary detective, vivid visualizer, clever connector, Summarizer, and passage massage. I usually assign my students a role and have them read a section of the book that corresponds to the comprehension questions worksheets. They are to complete their role and answer the questions before their group meets to discuss the reading. This Literature Circle sheets are just an added bonus. I have priced this unit at a great price even if you are only wanting to use the comprehension questions, the test, and the answer key. Enjoy! Visit my shop FreetoTeach at Teachers Notebook.
