The Girl Who Touched The Stars Bonnie Hancock, 2024-02-01. It took an ocean to learn it's not how fast you paddle but how deep inside you dig. PRAISE Bonnie's ability to endure extreme physical pain paddling for such a long time is a testament to what humans are made of or can be if inclined to such craziness. Thank you Bonnie for the motivation. Jessica Watson, author, adventurer, and sailor. Bonnie is bravery and determination personified. Her strength is brought to life in an incredible story, and if you want to feel like everything is possible, this is the story for you. Bonnie will show you that when life offers a challenge, she will return, serve, and do it in style. Leisel Jones, Olympic gold medallist. I'm in awe of Bonnie's almighty leap of faith to set out on this expedition into the complete unknown. A challenge that would test every part of her, being forcing Bonnie and her amazing team to dig deeper than they ever thought possible. Every time I paddle out into the surf after reading about Bonnie's epic adventure, I think how proud I am that a friend accomplished one of the craziest world record attempts. Sally Fitzgibbons, surfing champion. As you read this book, prepare to be both moved and inspired. Through engaging anecdotes, heartfelt moments, and vivid descriptions, you will intimately experience the joys, triumphs, and hurdles Bonnie encounters along her courageous journey. Gus Worland, Gotcha4Life. 254 days, 12 700 kilometres, sea sickness, sharks, crocodiles, and ocean. Bonnie Hancock broke numerous records on her fastest ever circumnavigation by paddle around Australia, but that wasn't the achievement she is most proud of. Testing the limits of her mental and physical toughness, she learned what it means to overcome adversity and how important teamwork and perspective truly are. What looks distressing from the rocky shore or storm-tossed waves can be inspiring when you look to the heavens. *The Girl Who Touched the Stars* is a love story, a travelogue, and an exhilarating exploration of human ambition, coming face to face with the beauty and power of nature. But most of all, it's a lesson in overcoming self-doubt, trusting others, and finding your true self. Bonnie demonstrates vividly and honestly the resilience of the human spirit and the importance of reaching for the stars. Now also a documentary, *DIAMOND OF THE SEA*, screening on Kayo.

Ditch the Act: Reveal the Surprising Power of the Real You for Greater Success Leonard Kim, Ryan Folland, 2019-10-25. Be human. It's the only way to get ahead in business today. Competition today is fiercer than ever. It seems that every job candidate is flashing a world-class resume, and every business competitor is the absolute best at what they do. Don't be fooled. People exaggerate. And don't be discouraged. By revealing stories of failures, setbacks, and personal flaws without shame or fear, you exhibit greater self-confidence than your competition. You cultivate connections with serious, smart people, and you build loyalty that lasts. *Ditch the Act* shows how to present your humanness, imperfect and flawed, but honest, resilient, and willing to learn in strategic ways to achieve clear, defined goals. It provides an actionable

program for building an authentic long lasting personal brand explaining why exposure is important and how it cultivates more durable connections than any polished persona can. By creating a personal brand that is honest and authentic and that reveals personal struggles you will build stronger longer lasting relationships and achieve greater success. Careers and businesses based on authenticity and truth aren't just more rewarding than those founded on hyperbole and the hard sell. Because they're founded on durable robust relationships they're rock solid and better withstand business uncertainty and tough times. Ditch the act, be real and jump ahead of the competition before they even know you are there.

The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us

Joe Federer, 2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology. Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology, anthropology, neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one. With a framework based on Freud's Id, Ego and Superego model of the human psyche, he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets: platforms like Reddit to the unfiltered Id, Facebook and Twitter to the managed Ego, and Instagram to the ideal Superego. In the same way you behave differently when you're home alone, out with friends, communicating with family or interacting with coworkers, people act and express themselves differently in these various online spaces. Context matters. Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network. Learn how to create content that drives sharing and word of mouth, how brands can fit natively into different types of social channels, how to balance branded social presences across different networks, why authenticity will only grow in importance to consumers. Fascinating and deeply compelling, *The Hidden Psychology of Social Networks* will equip you to make vastly more efficient use of your media buys, establish more thoughtful strategies, develop better creative and in the end deliver more effective marketing that provides value.
