Apple Music In The Us

RD Boyd

Apple Music In The Us:

The Rise of the Sharing Economy Kevin Govender,2021-09-27 Is access the alternative to ownership In 2011 the sharing economy was dubbed by Time magazine as one of the Ten ideas that will change the world and it has been widely hailed as a major growth sector by sources ranging from Fortune magazine to the World Economic Forum to former President Obama The sharing economy is a new economic model that focuses on access to assets or resources instead of ownership It has exploded in popularity over recent years and has disrupted a significant number of mature industries such as accommodation automotive and entertainment The total value of the global sharing economy is estimated to grow from 14 billion in 2014 to 335 billion by 2025 With limited resources the desire to become more environmentally conscious the high cost and burdens of ownership and a rapidly growing population living increasingly in densely populated cities consumers are faced with greater challenges and opportunities to fill their consumption needs People are experiencing a significant value shift with a desire to reconnect with products and services in a more meaningful way are becoming more cost and environmentally conscious and are prioritising experience over ownership An organisation s ability to reimagine and reinvent its business model to offer unique opportunities for humanising technology and developing innovative sharing platforms such as Uber and Airbnb would be a game changer for them While the Fourth Industrial Revolution and COVID 19 pandemic are influencing and changing consumer behaviour organisations are facing a dilemma that is affecting the future of their profitability existence and sustainability In The Rise of the Sharing Economy Kevin Govender shares his insights and expertise on the evolution of the sharing economy consumer behaviour and alternative business models and empowers consumers to rediscover and realise the enormous benefits of access over ownership and the potential savings in time money space and the opportunity Access is a cultural and socio economic phenomenon that is transforming businesses consumers the way we live work learn consume commute and play Access is the new ownership

Intelligent Economies Stacey-Ann Wilson,2021-06-02 The small island developing states of the Caribbean have been slowing adopting initiatives and technologies that will bring them closer to their aspirations of being robust digital societies The authors of this volume are academics and technologists who are actively engaged in the Caribbean technology for development ecosystem This volume explores three broad themes the political economy of developing intelligent economies in the Caribbean culture and the intelligent economy specifically how Caribbean creative industries and technology can be leveraged in this new environment and business and the intelligent economy with special focus on the gig economy business intelligence agriculture makerspaces and corporation innovation
