Piece to Text on the Monument and One: Letters with the International Body Managers Kiyoun Kim, 2018-08-17 The aims of this book is clear and straightforward It was motivated to convert an inhumane or insipid experience with the various sources of global ranking into the kind of humanly and cultural experience within our daily lifestyle Their outlook from presentation is masked with the number purely and perhaps through a myriad of complicated data or ranking information The concept or self identification within the experience or exposure would be less substantial or hard to get palpable My attempt to improve this aspect of contemporary practice certainly will fall short but you can sense in some paragraphs or titles I wrote this small piece of book in the end to take care of human integrity and stories for advancing the inherence and liveliness of interested actors or consumers despite all the wind heads from the turf of existing ranking sources
