**Low Carb Beer Reviews - Low Carb Reference** Lisa Shea, Benjamin Franklin once said Beer is God's sign that he loves us Beer was savored by the Egyptians Greeks and Romans It's a staple of sports events and back yard parties But what do you do if you are aiming for a healthier lifestyle Don't give up the beer My reviews will help you find the perfect one which combines lower carbs and calorie values along with the taste you seek I first began reviewing low carb light beers back in 2004 and over the years I've sampled these offerings many times This 121 page version here is freshly updated with reviews and images I've got 30 currently available beers and ciders listed here with a full review for each The handy chart will allow you to see at a glance their carbs calories percentage of alcohol and bottle size It's easy for you to scan the list and see exactly what you want Keep this book on your phone or tablet The next time you pop into a liquor store have dinner at a local restaurant or go out to a party you'll quickly know what your best options are Even if your signal is feeble or gone I'm always open to feedback let me know what other beer I should be trying
