[The Miracle Morning Routine Daily Journal \(aka. 7-Step Morning Routine\)](#) Miracle Journales, 2020-10-15 A Guided Journal for Morning Routines Thanks to Hal Elrod and his best selling book The Miracle Morning mornings and lives around the world have been transformed forever In the book Hal goes into his findings from studying the most successful people s morning routines He takes note of six different activities many of them do and calls them SAVERS Many successful people practice at least four of six of these activities but rarely do all six So what happens if you do all six That s for you to find out The Miracle Morning Routine Journal 1 Silence Meditation 10 Minutes The first thing to do is meditate for 10 minutes This can be silent meditation or guided meditation There are a number of documented benefits to meditation but doing this will give you added calm focus and concentration throughout the day There are also many phone Apps that can help you get started so don t wait 2 Journaling Part 1 5 Minutes This is made up of two parts Write down three things that you are grateful for today and 3 goals for the day These don t have to be big elaborate things They can be small and simple Also keep the goals just to the day 3 Affirmations or Prayer 5 Minutes Affirmations are positive statements that can help you to challenge and overcome self sabotaging and negative thoughts When you repeat them often and believe in them you can start to make positive changes They are an extremely powerful way to rewire how your brain thinks thus changing how your feel and your external physical world Choose an affirmation that is

right for you and practice it for 5 minutes in silence My favorite affirmation is I can be what I will do be 4 Visualizations 5 Minutes Visualizations are similar to meditating The difference In meditation you do your best to think about nothing except your breathing In visualization you envision yourself accomplishing your goals The goal here is to visualize yourself doing and living your affirmation 5 Scribing Journaling Part 2 15 30 Minutes Now that the mind is focused take the next 15 30 minutes to write freely This can be free writing about random things or structure writing it doesn't matter Sometimes it is simply helpful to empty out your thoughts on paper so that you have room during the day to learn and retain new things It can be a way of house cleaning 6 Reading 15 30 Minutes Reading is extremely important for all people It is a way we feed our brain what it needs to be happy It is known that some of the most famous and successful people in the world ie Bill Gates Warren Buffet and more spend about 80% of their working days reading and learning new information However that might be overkill for most people just 15 30 minutes every day will make significant difference 7 Exercising 10 30 minutes Maybe this means going for a morning run before the sun wakes you or doing some yoga It doesn't have to be anything rigorous but some kind of activity is good
