Jason Blume, 2010-05-26 What's the secret to writing a hit song? It's as simple as 1 2 3 4 5 6. Innovative, practical, and inspiring, *Six Steps to Songwriting Success* presents a surefire step-by-step approach to mastering the elements consistently found in hit songs. Author Jason Blume, a songwriter with the rare distinction of having had songs on the Country, Pop, and R&B lyric melody and demo checklists, and tools for self-evaluation, plus many other exercises that work. Get *Six Steps to Songwriting Success* and get on the charts. **This Business of Songwriting** Jason Blume, 2013-10 Writing great songs is not enough. To make money, songwriters need a firm, realistic grasp of how songs generate income and how the songwriting business works. *This Business of Songwriting* is the first book to demystify the process of doing business as a songwriter. Author Jason Blume is a songwriter, music publisher, and educator whose songs are on albums that have sold more than 50 million copies, topped international charts, and are in top television shows and movies. He starts by defining terms and explaining the mechanics of how songwriters generate and collect royalties. The functions of music publishers, record labels, performing rights organizations, and the Harry Fox Agency are clarified, as are mechanical performance and print licensing, statutory mechanical royalty rates, estimates of the amounts earned for synchronization and master use licenses, and performance royalties for radio, television, and Internet broadcasts. He also includes a section on digital licensing and royalties. Samples of virtually every contract a songwriter might likely encounter are included, and with top music industry attorneys as consultants, Blume translates these contracts from legalese to plain English, one paragraph at a time. Included contracts are: Single Song Publishing Agreement, Staff Writing Agreement, Administration Deal, Collaborators Agreement, Work for Hire Agreement, Mechanical License, Synchronization License, Lyric Reprint Licensing Agreement, Subpublishing Contract, and Copyright Form PA. The book walks readers step-by-step through the process of effectively pitching songs to publishers, artists, managers, A&R representatives, and producers. A chapter about writing and marketing music for television and films explains the process of clearing music and the functions of music supervisors and production music libraries, as well as offering resources for reaching these decision makers. Additional chapters explain self-publishing and address the business considerations unique to performing songwriters as well as those who are targeting special markets.
