Podcasting Junior Tidal, 2021-05-06 Podcasting A Practical Guide guides librarians through the process of creating a podcast. It will help librarians digitally record their podcasts which can highlight library collections, connect with patrons, provide library instruction, and market library services across the Internet. Highlights include step-by-step guidance for how to record a podcast specifically tailored for libraries and librarians, specifications on what kind of equipment, software, and hardware is necessary to record their own episodes, pre-production techniques including script writing, storyboard creation, and how to find guests, will be explored. Coverage of the post-production stage including audio editing, incorporating music, and effects, and mixing episodes down for distribution will be explored. Resources for help with marketing the podcast using freely available and Creative Commons media to enhance episodes, privacy issues related to the medium, and making content accessible.

The Routledge Handbook of Digital Sport Management Michael L. Naraine, Ted Hayduk III, Jason P. Doyle, 2022-12-01 The Routledge Handbook of Digital Sport Management provides students, researchers, and practitioners with a contemporary roadmap of the impact of digital technologies in sport management at all levels and in all sectors in a global context. Divided into three sections addressing digital transformations, digital tools, and emerging digital issues, this book explores the impact of digital technology in the core functional areas of sport management such as sponsorship, event management, and human resources. It introduces essential digital innovations such as esports, social media, VR, wearables, analytics, and artificial intelligence and examines the debates and issues that are likely to shape and transform sport business over the next decade. The only book to survey the full sweep of digital sport management, this book is an essential reference for all serious students of sport business and management, any researcher working in the nexus of sport business and digital, and all managers, policy makers, or associated professionals working in the sport industry. **Billboard**, 2011-07-02 In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital events brand. The Death of the Artist William Deresiewicz, 2020-07-28 A deeply researched warning about how the digital economy threatens artists' lives and work: the music, writing, and visual art that sustain our souls and societies from an award-winning essayist and critic. There are two stories you hear about earning a living as an artist in the digital age. One comes from Silicon Valley: There's never been a better time to be an artist; it goes, "If you've got a laptop, you've got a recording studio. If you've got an iPhone, you've got a movie camera. And if production is cheap, distribution is free; it's called the Internet. Everyone's an artist; just tap your creativity and put your stuff out there." The other comes from artists themselves: Sure, it goes, you can put your stuff out there, but who's going to pay you for it? Everyone is not an artist. Making art takes years of dedication and that requires a means of support. If things don't change, a lot of art will cease to be sustainable. So which account is true? Since people are still making a living as artists today, how are they managing to do it? William Deresiewicz, a leading critic of the arts and of contemporary culture, set out to answer those questions. Based on interviews with artists of all kinds, *The Death of the Artist* argues that we are in the midst of an epochal transformation. If artists were artisans in the Renaissance, bohemians in the nineteenth century, and professionals in the twentieth, a new paradigm is emerging in the digital age, one that is changing our fundamental ideas about the nature of art and the role of the artist in society.
