*Too Tired to Keep Running, Too Scared to Stop* Joyce A. Patenaude, 1998 A guide to understanding the desperate need to take on so many roles in life steps one can take to change *Too Tired to Keep Running, Too Scared to Stop* Joyce A. Patenaude, 1998

**Too Tired to Keep Running, Too Scared to Stop** Joyce Nelson Patenaude, 2005 Despite its title this isn't yet another directive to simplify one's daily life. The subtitle more aptly expresses psychotherapist Patenaude's message that inner convictions create a person's life and that altering one will transform the other. She clearly illustrates how beliefs beget feelings which in turn produce behavior and she identifies the core belief underlying all others as a universal human sense of not enoughness, a basic feeling of unworthiness regardless of material wealth or accomplishments. Relying on many personal stories from her practice, Patenaude examines the childhood experiences and cultural views of gender, work, and religion that she says create a blueprint for endlessly trying to become enough. But everyone is actually born enough; she contends with a soul that is nameless and faceless and has a purpose. Uncovering and following this true original blueprint for each person's life promises health, well-being, joy, peace, love, happiness, wisdom, and fulfillment. With several comprehensive exercises for readers to work through, Patenaude offers an engaging mix of psychology and spirituality as well as a gentle, intelligent voice of hope and encouragement for getting off the merry-go-round of one common belief that apparently has far-reaching effects. **Too Tired To Keep Running, Too Scared To Stop: Change Your Beliefs, Change Your Life**, *Bigfoot- Countdown to Extinction* Zipperer Bill Zipperer, 2009-12 This is a horrifying story of modern-day bigfoot that has been forced to start hunting domestic animals and humans. The bigfoot are having more and more violent human contact with humans to the point of an all-out war against them. The bigfoot are starving due to overhunting and human encroachment into the bigfoot traditional area. The bigfoot have avoided humans for hundreds of years. Now the human population is making that harder and harder. These bigfoot are vicious beasts and are starting to aggressively hunt humans. They are starting to do very well. The bigfoot are forcing the community to take drastic action and bring in the military and any other law enforcement to stop the bigfoot from overtaking the human population. The military now has orders to kill on sight. There have been numerous attacks on civilians and law enforcement as well. The military has set up an emergency shelter and are escorting and evacuating the public to the shelter. This is not your grandpa's bigfoot story; this is horror at its finest.
