**Introductory Guide to Cardiac Catheterization** Arman T. Askari, Medhi H. Shishehbor, Adrian W. Messerli, Ronnier J. Aviles, 2012-05-15 Updated for its Second Edition Introductory Guide to Cardiac Catheterization is an easy to follow how to guide to diagnostic and therapeutic cardiac catheterization. This pocket sized concise manual presents practical pointers, tips, ACC/AHA guidelines and highlighted clinical pearls and includes troubleshooting sections that provide solutions to frequently encountered problems. Numerous illustrations demonstrate the complex procedures now being performed via the catheter. This edition has a section on complications in each chapter, a new chapter on peripheral angiography and a new question and answer review chapter. Other highlights include new safety precautions and updates on novel closure devices.

**Core Curriculum for Progressive Care Nursing - E-Book** American Association of Critical-Care Nurses, 2009-04-06 The only reference focused on progressive care nursing, this complete reference includes all of the key information you need to know for success in practice and on the PCCN certification exam. Expert authors from the American Association of Critical Care Nurses provide the most authoritative content on caring for patients in step down, intermediate and telemetry units and prepare you to treat patients from every phase of progressive care. Plenty of illustrations and easy reference tables clarify difficult concepts and make it easy to review content quickly. AACN authorship ensures you receive the most accurate and dependable information available from the same group that administers the PCCN examination. Comprehensive coverage including everything from basic to advanced concepts makes this an essential resource for nurses of any level of expertise. Content most likely to be on the exam is highlighted to help you study more efficiently. The latest, most authoritative references categorized by disorder make it easy to find resources for further research. Concise outline format with organization by body system helps you quickly locate information. Priority organization presents nursing management information in order of clinical priority. Content written from a collaborative care perspective includes medical management and interventions integrated throughout the text. User friendly two color design clarifies difficult concepts and makes illustrations and tables easy to understand.
