**Democracy at the Crossroads** Raphael Cohen-Almagor,2013-09-13 In recent years the discussion about Israel was dominated by post Zionist post Israeli opinions Important voices that represent large sectors of Israeli society were not heard To somewhat change this situation some of the best scholars in their respective fields participate in this ultimate collection of essays about Israeli society its politics and schisms The book aims to tackle timely concerns like Israel s fight against terror its relationships with the Palestinians the mutual relationships between the civic society and the army the status of women in society and separation between state and religion Particular attention is given to probing the state of human rights minority rights and health rights The volume also discusses the tensions between liberalism and socialism between state and religion and between immigration groups most notably resulting from the immigration from the former Soviet Union      **United**

**Torah Government** Norman Willis,2010-09-16 Torah Government explains how Scripture tells us to govern our assemblies both in the dispersion and once we are gathered back to the land of Israel and the Torah is established as the constitution      **Hamishah humshe Torah** ,1893      **Jewish Code of Jurisprudence** Joseph ben Ephraim Karo,1928

**The Sayings of the Jewish Fathers** ,1919      **God Spoke Once, I Heard Twice** Rabbi Dr. Hillel Goldberg,2024-12-15 Moving from cosmology to creativity to criminology the Torah explores the breadth of human existence ethics and ritual narratives of Patriarchs and Matriarchs history and a philosophy of history all of these drive the first five books of Hebrew Scripture But as Rabbi Hillel Goldberg explains in this probing and insightful commentary these sacred texts are governed by one idea one God God blesses the human being with power and also imposes limits A human being may not kill not commit any sacrilege not act unjustly God retains ultimate power including the prerogative to make ethical ritual and spiritual laws which fill the Torah The Torah is a kaleidoscope and Rabbi Goldberg refracts it through its fifty four prisms its fifty four chapters But a single reality undergirds all one God Rabbi Goldberg s exploration of the diversity of disciplines in the Torah

demonstrates how naturally the idea of monotheism emerges In Genesis God chooses one family to carry out His mission in history The book of Exodus narrates God s liberation of this family s descendants in order to bring His mission to fruition Leviticus details the laws by which God s people serve Him through ethics ritual even agriculture Numbers begins with the metahistory of God s people as He sustains it with manna and guides it with a pillar of fire and a pillar of cloud then resumes the history of His people as it wages war and prepares to conquer the promised land Fearful of idolatry there Moses in Deuteronomy concludes his exhortation to remain faithful to the invisible presence of God Bible commentary according to Rabbi Goldberg should mirror the many ways God enters into the human experience Offering philosophic inquiry personal reflection and fresh exegesis plus a touch of poetry humor and storytelling God Spoke Once I Heard Twice is a brilliant learned and inspired contribution to an ongoing chronicle of faith

**Rabbinic Literature** James Eugene Priest,1980 Jewish Statesmanship Paul Eidelberg,2002-10-03 Declaring that Israel is disintegrating the author argues that the fundamental cause of the disintegration is a normless or irrational conception of democracy that clashes with Judaism and renders it impossible for Israel to achieve the national unity required for survival in a hostile Arab Islamic environment Recognizing the fundamental tension between conceptions of Israel as a democratic state versus a Jewish state he opts for moving in the direction of the latter rejecting such democratic concepts as a state made up of citizens pluralistic government that listens to the voices of the Arab or the secular Jew and other such dangers to the Jewish state Only when Israel is based solely on the religious laws of Judaism he argues can it effectively deal with the populations around it that are destined to remain hostile and ruled by dictatorships Annotation copyrighted by Book News Inc Portland OR Hebrew Union College Annual ,1930 The Jewish National Home Isaac Breuer,1926 Jewish Child Bulletin ,1929 Facing Current Challenges Leo Levi,1998 The National Jewish Monthly ,1926 **Biennial Report** Jewish Theological Seminary of America,1906 **B'nai B'rith National Jewish Monthly** ,1926 Seminary Addresses and Other Papers Solomon Schechter,1915
