Maggie Mallik,Carol Hall,David Howard

Understanding Learning Disability And Dementia Developing Effective Interventions:

Understanding Learning Disability and Dementia Diana Kerr, 2007-09-15 Understanding Learning Disability and Dementia covers all the essential issues in supporting a person with a learning disability when they develop dementia. This book will provide essential knowledge for anyone involved in the provision of services, assessment of need, and direct care and support for dementia sufferers with a learning disability.

Nursing Knowledge and Practice E-Book Maggie Mallik, Carol Hall, David Howard, 2009-04-22 Nursing knowledge and practice is a comprehensive textbook which forms an ideal basis for foundation nursing students. The core emphasis in the organisation and presentation of knowledge in this third edition remains focused on the in-depth knowledge required by nurses to deliver care in the practice setting. The chapter contents encompass knowledge that applies to all branches of nursing, e.g. Communication, Confusion, Aggression, and Rehabilitation, Safety, and Risk, Infection Control, Medicines, etc. The structure of all chapters is unique in integrating knowledge from subject areas often taught separately in the nursing curriculum. This enables the foundation student to integrate this range of knowledge in making decisions about the delivery of nursing care to patients/clients in all fields of nursing. Exercises are included to encourage reflection on practice and develop critical thinking skills. It also promotes the expansion of professional knowledge through the development of portfolio evidence. Building on the outstanding success of previous editions, the authors have drawn extensively on current best evidence, including research, policy, and substantial internet-based resources, reflecting UK and international perspectives. Each chapter begins with an overview of the content and concludes with a summary to help evaluate learning. Case studies reflect the diverse range of client needs and care settings of the four nursing branches and help relate theory to practice. Reflective exercises and suggestions for portfolio evidence, along with decision-making activities, promote reflection on personal experience and links to nursing practice using a problem-based approach. Current research is highlighted throughout, demonstrating the evidence base for practice decisions. Key web sites, annotated further reading, and references encourage readers to pursue contemporary evidence that underpins competency-based practice. Full colour throughout. Content fully updated in line with developments in clinical practice, teaching requirements, and the evidence base. Free electronic ancillaries on Evolve enhance the knowledge provided in each chapter with additional information, exercises, and resources. An introductory chapter on Nursing Knowledge and Practice explores the role and context of nursing nationally and internationally, providing foundation information on core knowledge areas common to all nursing curricula.

Oxford Handbook of Palliative Care Max Watson, Stephen Ward, Nandini Vallath, Jo Wells, Rachel Campbell, 2019-09-12 The Oxford Handbook of Palliative Care returns for a third edition, maintaining the concise yet comprehensive format suited to the busy practitioner for quick access to key information and fully updated to reflect changes in the palliative care landscape. Featuring an increased emphasis on non-malignant diseases such as dementia, this authoritative text combines evidence-based care with the bedside experience of experienced palliative care

professionals to give the reader a complete overview of the physical emotional and spiritual aspects of care for the end of life patient Symptom management is covered in detail with updated formulary tables and syringe driver protocols and a new chapter on international perspectives to broaden the reader's perception of methods for delivering end of life care The third edition of the Oxford Handbook of Palliative Care is the essential companion for all of those working with adults children and families with palliative care needs in both hospital and community settings The following correction has been made online and will be included in the first reprint Readers can get in touch with us directly using the contact details on the back of the book or at our online form via the address below with questions or comments <https://global.oup.com/academic/category/medicine-and-health> Chapter 5 Page 109 The dose for Hyoscine butylbromide sc has been amended in line with NICE guidance <https://bnf.nice.org.uk/drug/hyoscine-butylbromide.html> 20 120 mg 4 hourly has been corrected to 20 80mg 4 hourly
