Three things everyone should know about popular music Cassidy-Rose McMahon, 2017-07-07 Essay from the year 2017 in the subject Musicology Miscellaneous Griffith University Queensland Conservatorium of Music course Bachelor of Music language English abstract This essay discusses three fundamental points everyone must know about popular music Firstly popular music is a reflection of society secondly there are many benefits to engaging in popular music culture finally the genre is currently under threat The term popular music first appeared in a publication by William Chapple titled Popular Music of the Olden Times in 1855 but it was not until the 1930s and 1940s until the term gained wider currency Shuker 1998 Since then the definition of popular music has been heavily debated by scholars in the musical community due to the genre's complexities and ambiguities which create challenges when deciding what music can be regarded as popular Middleton 1990 A broad description of the genre is provided by Shuker who explains essentially all popular music consists of a hybrid of musical traditions styles and influences and is also an economic product which is invested with ideological significance by many of its consumers It is important for everyone to know that popular music is a reflection of society because people can learn about history through music which serves as an invaluable medium for documenting the evolution of society A fantastic example of this is the song Over the rainbow is where I want to be which was renamed to Somewhere over the rainbow The song was written by Harold Arlen with lyrics by Yip Harburg and released in 1939 with Judy Garland as the vocalist The lyrics perfectly capture the mood of the 1930s which was a time of widespread unemployment misery and despair known as the Great Depression

Lindsey McIntosh,2017-04-13 Essay from the year 2014 in the subject Cultural Studies Miscellaneous grade 75 A University of Strathclyde language English abstract When the American director John Hughes chose to open the credits of his 1985 film The Breakfast Club with following lyrics taken from David Bowie's 1971 single Changes his intention in doing so was to challenge the commonplace notions of youth plaguing 1980s teen culture in America And these children that you spit on as they try to change their worlds Are immune to your consultations they're quite aware of what they're going through The film's troubled teenage protagonists exaggerated caricatures of rebellious youth who spend an entire Saturday detention within a school library in atonement for their individual delinquencies begin their journey defined in the simplest terms and the most convenient definitions lavished upon them by their adult authorities Bowie's lyrics were applied to The Breakfast Club by Hughes in order to glamorize the notion of us versus them and youth isolation within the cultural landscape of 1980s America However these lyrics can also be aptly applied to the much discussed issue of youth culture within the British post war landscape Although Changes was not released until the early 1970s its lyrics effectively capture the tone of the previous two decades in Britain decades in the throes of social and political change with a newly formed youth group who were becoming increasingly aware of that fact Following the arrival of rock n roll in the late 1950s British youths underwent a period of self realisation in the 1960s as music particularly rock n roll drove a wedge between teenagers and the parent culture effectively isolating them into their own unique cultural island The primary ambition of this essay therefore will be to assess the change implemented by music during these post war decades and whether it is possible to utilize music as a tool for effectively understanding youth culture and sub cultures Although each decade could be argued to embody its own distinct mood effectively captured and echoed in its musical output this essay will hone its energies primarily towards studying the late 1950s and early 1960s in which a fizzy electrical storm of a radiant post war atmosphere was reflected and charged by its music
