*Curriculum Development and Online Instruction for the 21st Century* Fudge, Tamara Phillips, Ferebee, Susan Shepherd, 2021-06-25 The world of education has undergone major changes within the last year that have pushed online instruction to the forefront of learning. Thanks to the COVID 19 pandemic online learning has become paramount to the continued and uninterrupted teaching of students and has forced students and teachers alike to adjust to an online learning environment. Though some have already returned to the traditional classroom or plan to very soon others have begun to appreciate the value of online education initiatives that had previously been discussed but never acted upon as they have been in the past year. With plenty of positive and negative aspects online learning is a complex issue with numerous factors to consider. It is an issue that must be studied and examined in order to improve in the future. *Curriculum Development and Online Instruction for the 21st Century* examines the issues and difficulties of online teaching and learning as well as potential solutions and best practices. This book includes an examination on the value of teaching fully via the internet as well as the challenges inherent in the training of teachers to teach in online environments. While addressing key elements of remote learning such as keeping student data safe as well as methods in which to engage students this book covers topics that include assessment tools, teaching deaf students, web technology and standardized curricula. Ideal for K-12 teachers, college faculty, curriculum developers, instructional designers, educational software developers, administrators, academicians, researchers and students, this book provides a thorough overview of online education and the benefits and issues that accompany it.
