Culturally and Socially Responsible Assessment Catherine S. Taylor, Susan Bobbitt Nolen, 2022 This book addresses a problem that affects the work of all educators how traditional methods of assessment undermine the capacity of schools to serve students with diverse cultural and social backgrounds and identities Anchored in a commonsense notion of validity this book explains how current K 12 assessment practices are grounded in the language experiences and values of the dominant White culture It presents a timely review of research on bias in classroom and large scale assessments as well as research on how students level of engagement influences their performances The author recommends practices that can improve the validity of students assessment performances by minimizing sources of bias using culturally responsive assessment tools and adopting strategies likely to increase students engagement with assessment tasks This practical resource provides subject

specific approaches for improving the cultural and social relevance of assessment tools and offers guidance for evaluating existing assessment instruments for bias language complexity and accessibility issues Book Features Research based recommendations for improving assessment fairness validity and cultural social relevance Practices that have been shown to improve the effectiveness of classroom assessments in supporting student learning Concrete examples of how to create culturally relevant assessment tasks that target valued learning goals in language arts mathematics social studies and science classrooms Appendixes that provide tools educators can use to improve grading practices [Eureka Math Set Grade 6](#) Great Minds,2014-05-19 With Common Core Mathematics sixth graders learn about 1 connecting ratio and rate to whole number multiplication and division and using concepts of ratio and rate to solve problems 2 completing understanding of division of fractions and extending the notion of number to the system of rational numbers which includes negative numbers 3 writing interpreting and using expressions and equations 4 solving for unknowns in area surface area and volume problems and 5 developing understanding of statistical thinking This set includes all of the Grade 6 modules Module 1 Ratios and Unit Rates Module 2 Arithmetic Operations Including Division of Fractions Module 3 Rational Numbers Module 4 Expressions and Equations Module 5 Area Surface Area and Volume Problems Module 6 Statistics **Carr V.
