Edible Histories, Cultural Politics Franca Iacovetta, Valerie J. Korinek, Marlene Epp, 2012-11-07 Just as the Canada's rich past resists any singular narrative there is no such thing as a singular Canadian food tradition. This new book explores Canada's diverse food cultures and the varied relationships that Canadians have had historically with food practices in the context of community, region, nation and beyond. Based on findings from menus, cookbooks, government documents, advertisements, media sources, oral histories, memoirs and archival collections, *Edible Histories* offers a veritable feast of original research on Canada's food history and its relationship to culture and politics. This exciting collection explores a wide variety of topics including urban, restaurant, culture, ethnic cuisines and the controversial history of margarine in Canada. It also covers a broad time span from early contact between European settlers and First Nations through the end of the twentieth century. *Edible Histories* intertwines information of Canada's foodways, the practices and traditions associated with food and food preparation, and stories of immigration, politics, gender, economics, science, medicine and religion. Sophisticated, culturally sensitive and accessible, *Edible Histories* will appeal to students, historians and foodies alike.

Lost Restaurants of Santa Cruz County Liz Pollock, 2020-03-16 Millions of people come to Santa Cruz every year to enjoy the beach and eat at one of the many popular restaurants. Favorite places have come and gone but they haven't been forgotten. From the treasured Miramar Fish Grotto in business for more than seventy years to Nature's Harvest local seasonal food has always been a staple of this little slice of paradise. Food trends were embodied in places like the Wild Thyme Caf and the Soba Club alongside longtime fixtures such as the Tea Cup and Adolph's Italian Family Restaurant catering to locals and tourists alike. Author Liz Pollock combines wonderful stories and classic cocktail recipes from bygone eras in this trip down memory lane.

Mail Order Catalog, 1985 **Cooking by the Book** Mary Anne Schofield, 1989 The essays collected here explore the power and sensuality that food engenders within literature. The book permits the reader to sample food as a rhetorical structure, one that allows the individual writers to articulate the abstract concepts in a medium that is readily understandable. The second part of *Cooking by the Book* turns to the more diverse food rhetorics of the marketplace. What, for example, is the fast food rhetoric? Why are there so many eating disorders in our society? Is it possible to teach philosophy through cookery? How long has vegetarianism been popular?
