INTRODUCTION

BRIEF BIOGRAPHY OF JEANETTE WINTERTON

Born in Manchester to a seventeen-year-old factory worker and adopted by the Winterson family six months after her birth, Jeanette Winterson was raised by Pentecostal Evangelical Christian parents in Accrington, a manufacturing city in Northern England. Winterson was raised to be a missionary, but after coming out as a lesbian at the age of sixteen, she was forced to leave home, live in her car, and work odd jobs to put herself through college at Oxford University. Shortly after graduating, when she was just 25 years old, Winterson published her first book, the autobiographical novel *Oranges Are Not the Only Fruit*. The novel was an enormous success, and was eventually adapted into a serial television program for the BBC—Winterson wrote the screenplay, and the program premiered in 1990 to even more buzz and acclaim. A prolific writer, Winterson is the author of over twenty-five books of fiction, nonfiction, and literature for children. She was made an officer of the Order of the British Empire in 2006. She is married to the writer and psychoanalyst Susie Orbach, and she teaches at the University of Manchester. She makes her home in the Cotswolds, just west of Oxford.

HISTORICAL CONTEXT

Winterson charts the histories of both Manchester, the place of her birth, and Accrington, the stuck-in-time city where she grew up, in order to explain the historical context of both *Oranges* and *Why Be Happy*. She describes Manchester as a “raw,” working-class city, which became a “radical” hub due to the “uncontrollable reality” of harsh factory conditions and the “success and shame” that accompanied them. Ann, Winterson’s birth mother, worked in a textile factory at the time of Winterson’s birth, and her adoptive father, in Accrington, was a shift worker at a power station and a manual laborer all his life. Religion was a hub and a refuge in the “raw” world of the factories, and the Pentecostal Church was the center of young Jeanette’s life (as it was the center of life for so much of her community)—so much so that, for the Wintersons, the church subsumed and overpowered everything else.

RELATED LITERARY WORKS

Winterson refers to *Why Be Happy* as the “silent twin” of her 1985 novel *Oranges Are Not the Only Fruit*. In *Oranges*, she wrote an account of her life story that she could “survive”—in *Why Be Happy*, separated from *Oranges* by a quarter of a century, she speaks more frankly and accurately about the traumas she

endured. *I-Memoirs* such as Augusten Burroughs’s *Running With Scissors*, Alison Bechdel’s *Fun Home*, and David Sedaris’s *Naked* and *Dress Your Family in Corduroy and Denim* are all memoirs by LGBT writers which explore the artist’s often difficult, bizarre, or even traumatic childhood as they come to inhabit their identities and understand the complexities of family.

EXTRA CREDIT

Stranger Than Fiction. Jeanette Winterson, who famously rattled the international literary landscape with *Oranges Are Not the Only Fruit*, has long drawn on her real life in order to inform the characters in her fiction. In addition to using fictionalized versions of herself and Mrs. Winterson in *Oranges*, Winterson has created versions of herself that have appeared in later novels—for instance, the orphan, Silver, in 2004’s *Lighthousekeeping*, can be read as a Jeanette-figure.

PLOT SUMMARY

This memoir tells the story of acclaimed writer Jeanette Winterson’s tumultuous, abusive upbringing in a small, working-class town in the north of England. It’s also a nonfiction parallel to Winterson’s award-winning autobiographical novel *Oranges Are Not the Only Fruit*, which fictionalized the upbringing described in *Why Be Normal When You Can Be Happy?*, and which Winterson discusses often.

After being adopted at six months old by Mr. and Mrs. Winterson—a devout Pentecostal Evangelical Christian couple with no children of their own—Jeanette Winterson comes of age in a home deprived of happiness or joy. Her mother constantly tells her that “the Devil” led her and her husband to

Whilst recognising how far women have come in the hundred years since getting the vote, Jeanette Winterson also insists that we must all do much more if we are to achieve true gender equality. Examining recent women's rights movements, the worlds of politics, technology and social media and changes in the law, Winterson calls out all the ways in which women still face discrimination and disadvantage. Like the women who won the right to vote, we need to shout up, reach out, be courageous and finish the job. Also included in this volume is Emmeline Pankhurst's landmark Suffragette speech *Freedom or Death* which she delivered in 1913. **One Aladdin Two Lamps** Jeanette Winterson, 2025-11-13 An invitation to change our lives and imagine the world anew through reading stories in the new book from the Sunday Times bestselling author of *Oranges Are Not the Only Fruit*. I can change the story because I am the story. With her execution looming, a woman is fighting for her life. Every night she tells a story. Every morning she lives one more day. *One Aladdin Two Lamps* cracks open the legendary story of *One Thousand and One Nights* to show how its questions are still relevant to our lives today. Is love the most important thing in the world? What makes us happy? In her guise as Aladdin, Jeanette Winterson asks us to reread what we think we know and look again at how fiction works in our lives, giving us the courage to change our own narratives and alter endings we wish to subvert. As a young working class woman with no obvious future beyond factory work or marriage, Winterson realised through the power of books that she could read herself as fiction, as well as fact. Weaving together fiction, magic and memoir, this remarkable book is a tribute to the age-old tradition of storytelling and a radical step into the future, an invitation to look more closely at our own stories and to imagine the world anew. **Enchanting, unexpected and razor sharp** Kamila Shamsie.
