Professional Xcode 3 James Bucanek, 2010-03-25 A solid guide that responds to the active interest in Apple's Xcode tools. Apple's Xcode tools are a collection of applications and frameworks that are used to develop test and optimize applications primarily written for Mac OS X or the iPhone. The steady increase in sales of Apple computers has triggered a strong interest in gaining a thorough understanding of Xcode and its tools and what they have to offer. This book provides you with an inside look at the array of Xcode tools from top to bottom. You'll go beyond the basics and dive into such in-depth topics as installing the latest version of Xcode tools, customizing the look and behavior of Xcode, creating and managing projects using the built-in class browser to model complex applications and structures, and more. Offers you a solid foundation for getting the most out of Apple's Xcode tools, a collection of applications and frameworks used to develop test and optimize applications written for Mac OS X or the iPhone. Includes clear, comprehensive lessons for installing the latest version of Xcode tools, customizing the look of Xcode, creating and managing projects, testing your interfaces, and building and debugging your projects. Explains analyzing performance, optimizing your application, working with shared sources, creating your own custom file templates, and customizing the interface builder. With this book, you'll be able to take full advantage of the range of tools included with Xcode.

iOS Development with Flash Julian Dolce, 2011-05-09 Use your Flash skills to create popular apps for Apple products. The new version of Flash allows you to export your developed applications as iOS apps, which can then be uploaded to Apple's app store. Written by an expert Flash and iOS developer, this visual guide takes your Flash skills to the next level so that you can begin developing applications for Apple's unique platform. Loads of screen shots enhance your learning process as you go step by step through the process of creating apps that rate well in the app store. You'll quickly get up to speed on the special considerations of developing for the iPhone, iPod touch, and iPad. Takes you visually through the process of creating apps designed for Apple's unique platform using the latest version of Flash. Points out pitfalls and shares best practices for using Flash to develop for the iPhone, iPod touch, and iPad. Offers tips for developing applications that rate well in Apple's app store. Uses approximately 2,000 screen shots to drill home the step-by-step lessons on using Flash to develop mobile apps. If you are a visual learner, then *iOS Development with Flash* is your visual blueprint for developing Apple apps. Essential reading for you to start creating successful Apple apps.
