

## Morning Work- The Last 90 Days

This worksheet was designed to support students as they develop confident, capable, and independent young adult communication skills at a time when just 18-20 minutes a day, students will be asked to communicate skills, learn how to navigate real-world situations, and reflect on their own abilities, choices, and goals.

Each daily page includes a short, realistic conversation, comprehension questions, social interaction, functional math, functional reading and writing practice, and journaling prompts that encourage students to complete independently or in small groups. Whether you're starting the school day, transitioning between activities, or using it as a daily filler, check in, this is valuable. It's a great teaching and assessment tool.
