Stephen Colbert: Beyond Truthiness Bruce Watson, 2014-08-05 Stephen Colbert is far more than a comedian and improv genius As head of his fanciful Colbert Nation the quick witted host of Comedy Central's *The Colbert Report* has delighted fans with his wit audacity and innovative uses of language and the media In this biography award winning journalist Bruce Watson author of *Jon Stewart Beyond the Moments of Zen* charts Colbert's rise from boyhood tragedy to greatest living cultural media critic

And Nothing But the Truthiness Lisa Rogak, 2011-10-11 A funny and personal portrait of the comedian who became the headline making ground breaking star of *The Colbert Report* My name is Stephen Colbert but I actually play someone on television named Stephen Colbert who looks like me and talks like me but who says things with a straight face that he doesn't mean Stephen Colbert No other comedian can generate headlines today the way Stephen Colbert can With his appearance at a Congressional hearing his rally in Washington D C his bestselling book his creation of the now accepted word *truthiness* and of course his popular TV show nearly everyone except the poor Congressional fools who agree to be interviewed on his show has heard of him Yet all these things are part of a character also named Stephen Colbert Who is he really In *And Nothing But the Truthiness* biographer Lisa Rogak examines the man behind the character She reveals the roots of his humor growing up as the youngest of eleven siblings and the tragedy that forever altered the family She charts his early years earning his chops first as a serious acting student and later as a budding improv comic especially his close connection with Amy Sedaris which led to the cult TV show *Strangers with Candy* And Rogak offers a look inside how *The Daily Show* works and the exclusive bond that Colbert and Jon Stewart formed that would lead to Colbert's own rise to celebrity A behind the scenes look into the world of one of the biggest comedians in America *And Nothing But the Truthiness* is a terrific read for any resident of Colbert Nation

Stephen Colbert, Where Have You Gone? Adrienne Kleinschmidt, 2015-01-26 This book is about one of my greatest idols Stephen Colbert Stephen Colbert reminds me of a very grown up Christopher Robin Both insightful and bravely philosophically humorous Sophisticated yet childishly and irrevocably honest he brings it all to the table Even though the table is shared with some of the most controversial guests available For I would imagine some people would not be so courageous as to face Stephen eye to eye They never really appear to be eye to eye on most subjects It is Stephen's wish no mission to immediately plow them to the ground and then cross examine them as if they never speak a word They are at the very least drowned out by his sarcastically quick witted repertoire Which is what his audience Stephen

Colbert's Nation not only hungers for but has grown to expect His nation is just that a nation unto itself ever growing more in population and undying loyalty And he deserves every second of that adulation An intelligence and personality such as his cannot be contained for long Its like the quick separation of water from oil rising to the surface bursting forth like exploding Fireworks gone amok Live Long and Prosper Stephen Colbert **I Am America (and So Can You!)** Stephen Colbert,2008 Stephen Colbert was The Daily Show's longest running and most diverse correspondent His personality insight and general rightness led to The Colbert Report a half hour TV platform for his views on the issues of the day and more importantly why everyone else's views are just plain wrong In I Am America And So Can You Colbert bravely takes on the forces aligned to destroy America whether they be terrorists environmentalists or brand breakfast cereals and tackles difficult issues like religion sexuality and nature I've never trusted the sea What's it hiding under there With helpful illustrations and charts including Things That Are Trying to Turn Me Gay and a complete transcript of Colbert's infamous speech at the 2006 White House Correspondents Dinner this is a hilarious read and a very clever commentary on America today **Stephen Colbert** Catherine M. Andronik,2012-06-21 This book explores how comedian Stephen Colbert's satiric views of American life have captured the imagination of viewers around the world and sharpened these individuals own critical interpretations and opinions on current events Stephen Colbert may be just a comedian one not all audiences find funny especially among those who have been mercilessly lampooned by him but there is no arguing that the condescending bombastic and largely ignorant pundit he plays on Comedy Central has brought awareness of current events and political happenings to a substantially larger portion of the American population The only available biography on Stephen Colbert this book examines his life story and details how he became one of the most influential people on current American culture Beginning with coverage of Colbert's childhood the chapters discuss his education highlighting his interest in drama describe his introduction to the world of comedy review his contributions as a correspondent on The Daily Show with Jon Stewart and focus on Colbert's accomplishments and antics as the star of his faux news program that debuted in the fall of 2005 The Colbert Report
