## **Understanding Reality:**

**Understanding Reality** Nicholas Rescher, 2018-08-15 The book sees to show that the present discussion so unfolds as to show that ultimately Reality's inherent impetus to lawful order serves also to account for its existence. The ultimate explanation of its order is as something that also provides for its reason for being. Step by step a train of thought unfolds to indicate that Reality both exists and has the nature it does for good reason and specifically because this is somehow for the best. Such an approach goes back to the Platonism of classical antiquity. Many difficulties lie in the way of its acceptance. But is it in the final analysis the theory that works here takes the form of a Neo-Platonism of sorts. Or if reality has any rational explanation at all it is one that will have to proceed along these lines based upon rationality itself. An underlying theme that runs throughout the present elaboration of metaphysics is the dialectic of interaction between descriptive facts on the one hand and normative ideals on the other. On such a view it is a salient factor in metaphysics that reality as such is descriptively constituted as a potentially perfect system of knowledge even though we imperfect beings cannot get a more than an imperfectly secure cognitive grip on it. Accordingly we can never hope to surmount the contrast between The metaphysical ideal of a perfected system of knowledge and the imperfect realization of actuality that we can ever hope to achieve in practice.

**Understanding Reality Television** Su Holmes, Deborah Jermyn, 2004 Tracing the history of reality TV from Candid Camera to The Osbournes. Understanding Reality Television examines a range of programmes which claim to depict real life.

**Understanding Reality Religion** Hiley Ward, 2007-08 You know the Big questions. When did it all begin? Before creation? What? Before that? Where was I 10 000 years ago? When will it all end? But I suppose that the question that bothers people most is: How can God, the omnipotent Creator, be good when there is so much evil in the world? Here is an attempt to face up to the eternal unsolvable contradictory questions about God, Jesus, the church and the practice of faith in the Christian life. Without negating traditional religion concepts, God is embraced in all of his attributes. He has a dark side. He is jealous, egotistical, cruel, tyrannical, killer of innocent hordes. He is also recognized as a great deliverer, lover of good, supporter of mankind and a generally good companion. The Christian opts to address this second image of God, the benevolent. The author has struggled with the definition and nature of God all his life. He has found that he can question God and acknowledge his/her dark side while at the same time love God and bask in his presence and love. Here is a new kind of spiritual journey, intellectually honest and committed in faith.
