## Wife Training Guide:

Wife Training! I. B. Wright, 2006-03 WIFE TRAINING A Pig's Guide to Love Marriage is a hilarious book for MEN about our struggle to have a decent relationship with the female of our species Hard hitting crass and fun Rated R Not for the weak minded or women LIFE IS SHORT TRAIN HER      **The Good Wife's Guide (Le Ménagier de Paris)** , 2012-09-15 In the 13th century Parisian kitchen, a young woman is given the task of running the household while her husband is away. She must learn to manage the household, care for her children, and deal with the challenges of running a household in the 13th century. The book is filled with practical advice, recipes, and stories that provide a unique insight into medieval domestic life.

minded or women LIFE IS SHORT TRAIN HER      **The Good Wife's Guide (Le Ménagier de Paris)** ,2012-09-15 In the closing years of the fourteenth century an anonymous French writer compiled a book addressed to a fifteen year old bride narrated in the voice of her husband a wealthy aging Parisian The book was designed to teach this young wife the moral attributes duties and conduct befitting a woman of her station in society in the almost certain event of her widowhood and subsequent remarriage The work also provides a rich assembly of practical materials for the wife s use and for her household including treatises on gardening and shopping tips on choosing servants directions on the medical care of horses and the training of hawks plus menus for elaborate feasts and more than 380 recipes The Good Wife s Guide is the first complete modern English translation of this important medieval text also known as Le M nagier de Paris the Parisian household book a work long recognized for its unique insights into the domestic life of the bourgeoisie during the later Middle Ages The Good Wife s Guide expertly rendered into modern English by Gina L Greco and Christine M Rose is accompanied by an informative critical introduction setting the work in its proper medieval context as a conduct manual This edition presents the book in its entirety as it must have existed for its earliest readers The Guide is now a treasure for the classroom appealing to anyone studying medieval literature or history or considering the complex lives of medieval women It illuminates the milieu and composition process of medieval authors and will in turn fascinate cooking or horticulture enthusiasts The work illustrates how a perhaps fictional Parisian householder of the late fourteenth century might well have trained his wife so that her behavior could reflect honorably on him and enhance his reputation      Wives in Training Lady Wilson,2013-03-24 Wives in
