I. Read the following passage and answer the questions A and B :

My name is Amerigo. I am 13 years old and I live on the street alone. My mother, who is separated from my father, doesn't want me. She told me to go away..... Now she is married to another man. My father lives very far away. I want to go to him, but he won't take me either. I begged him to send me some money so that I could buy a bus ticket. I am still waiting. He hasn't answered.

The streets are now my home. Sometimes I find work. I used to collect trash and sell it to a vendor. I stopped doing that after I had a serious infection and a doctor told me to stay away from the trash dump. Once I worked for an ice cream shop owner and sold ice cream on the beach. But I got no money in return. The owner of the shop gave me something to eat, and let me sleep in his hut at night. The work was difficult and painful. The ice cream box is quite heavy when it is full. I had to walk for hours, offering my ice cream to whoever wanted to buy. There were days when I could not even sell one ice cream.

In a way, I am lucky because I am alive. My friends who work sorting rubbish in dumps often suffer from serious diseases. One of them was recently killed after he fell into a hole that opened up in the pile of trash. Many of us work for 10 to 12 hours, and get so little in return that we can't even buy food.

Shoe-shining is very popular among the street kids. A few of my friends also work in factories and workshops. A boy I know lost one of his eyes after a piece of hot glass flew into his eye at the glass factory where he worked. The owner refused to pay for medical help and fired him.

For me, like all other children on the street, it is very hard. I am always hungry, and I don't know where I will sleep the next night. I would like to live in my own home and sleep there in peace. The nights are very cold in the winter. You can die of cold in the street.

**Developing Writers Across the Primary and Secondary Years** Honglin Chen,Debra Myhill,Helen Lewis,2020-03-09

Writing development and pedagogy is a high priority area particularly with standardised testing showing declines in writing across time and through the years of schooling. However to date there are relatively few texts for teachers and teacher educators which detail how best to enable the children to become confident autonomous and agentic writers of the future. *Developing Writers Across the Primary and Secondary Years* provides cumulative insights into how writing develops and how it can be taught across years of compulsory schooling. This edited collection is a timely and original contribution addressing a significant literacy need for teachers of writing across three key stages of writing development covering early 4-7 years old primary 7-12 years old and secondary years 12-16 years old in Anglophone countries. Each section addresses two broader themes becoming a writer with a child oriented focus and writing pedagogy with a teacher oriented focus. Together the book brings to bear rigorous research and deep professional understanding of the writing classroom. It offers a novel approach conceiving of writing development as a dynamic and multidimensional concept. Such an integrated interdisciplinary understanding enables pedagogical thinking and development to address more holistically the complex act of writing.

*Culture and Economy in the Age of Social Media* Christian Fuchs,2015-01-09 Understanding social media requires us to engage with the individual and collective meanings that diverse stakeholders and participants give to platforms. It also requires us to analyse how social media companies try to make profits how and which labour creates this profit who creates social media ideologies and the conditions under which such ideologies emerge. In short understanding social media means coming to grips with the relationship between culture and the economy. In this thorough study Christian Fuchs one of the leading analysts of the Internet and social media delves deeply into the subject by applying the approach of cultural materialism to social media offering readers theoretical concepts contemporary examples and proposed opportunities for political intervention. *Culture and Economy in the Age of Social Media* is the ultimate resource for anyone who wants to understand culture and the economy in an era populated by social media platforms such as Twitter Facebook and Google in the West and Weibo Renren and Baidu in the East. Updating the analysis of thinkers such as Raymond Williams Karl Marx Ferruccio Rossi Landi and Dallas W Smythe for the 21st century Fuchs presents a version of Marxist cultural theory and cultural materialism that allows us to critically understand social media's influence on culture and the economy. *Local Research and Glocal Perspectives in English Language Teaching* Rubina Khan,Ahmed Bashir,Bijoy Lal Basu,Md.
